

## Grassroots Opinion

**CROWN POINT, IND., STAR:** "Our stubborn farm problems are minor compared with those of the Communists. Whereas crop failures have shaken the Communist hierarchy and led to the downfall of Khrushchev, US productivity could be one of our most important defense weapons. . . . Robert C. Liebenow, president of the Chicago Board of Trade, says that American food experts should be used as 'effective instruments of foreign policy' in fighting Communism. He believes that such shipments should be paid for out of foreign aid and national defense appropriations rather than

farm aid funds. . . . This, he asserts, is the way to peace."

**GORDON, NEBR., JOURNAL:** "A leading economist fears a period of inflation may be just around the corner. That's comparable to a man standing in waist-deep water fearing his feet may get wet."

**SANTA PAULA, CALIF., CHRONICLE:** "To the great bulk of taxpayers who have part of their income withheld each payday, the Internal Revenue Service has issued a word of caution on what to expect. Because of the timing of the tax cut this year, withholdings in many cases will not match the

tax required next April. Refunds will be smaller and fewer."

**TEMPE, ARIZ., NEWS:** " . . . Arizona contains fourteen Indian reservations, varying in size and value. Most of them were established between 1870 and 1890, and most of them consist of lands which were then considered of relatively little value to white men. Note that we mentioned 'then considered' of little value. . . . today those redskins are discovering both oil and uranium on their spreads. . . . Maybe this oil and uranium bit is in fate, a sort of delayed payment for the vast lands and hunting grounds our ancestors acquired by force."

**OCEAN CITY, N. J., SENTINEL-LEDGER:** "One thing the United States Supreme Court cannot do is declare the United States Con-

stitution unconstitutional. If the Court could do so, it might attack the make-up of the United States Senate which, with two senators from each state regardless of size, is clearly defying the County's fiat that representation in state legislatures must be on the basis of population."
