Miss Presnell Betty Crocker Homemaker Of Tomorrow

Virginia Presnell is this year's Betty Crocker Homemaker of Tomorrow for East Yancey High School. She scored highest here in a written homemaking examination, taken Dec. 1, by 552,704 senior girls in 14,236 of the nation's high schools. She is now eligible for state and national scholarship awards ranging from \$500 to \$5,000.

Test papers of all school winners in the state are being judged competitively. From this the State Homemaker of Tomorrow will be named, and will receive a \$1,500 scholarship from General Mills, Inc., sponsor of the annual Betty Crocker Search. In addition, her school will be awarded a set of Encyclopedia Britannica, Inc. The second-ranking girl will receive a \$500 educational grant.

Following her selection, the State Homemaker of Tomorrow, together with a school advisor will join winners and advisors from 49 other states and the District of Columbia in an expense-paid educational tour of Colonial Williamsburg, Va., Washington, D. C., and New York City. Climax of the trip will be the naming of the 1965 Betty Crocker Valley American Homemaker of Tomorrow. Chosen from among the state winners on the basis of the tour, her original test scores, plus personal observation and interviews during the tour, her scholarship will be increased to \$5,000. Grants of second-, third- and fourth-ranking girls in the nation will be raised to \$4,000, \$3,000 and \$2,000 respectively.

All judging is conducted by Science Research Associates, Chicago. This education testing and publishing firm also constructs and grades the writer test.

Began in the 1954-55 school year, the Betty Crocker Search for the American Homemaker of Tomorrow is designed to emphasize the importance of homemaking as a career. This year's record enrollment pushes the 11-year total of participating girls past the 4 million mark, and with the 1965 grants, total scholarship awards will stand well in excess of \$1 million.
