

## Second Lt. Peggy Wells Enders Assigned To Vietnam

FORT BENNING, GA. — A petite Army nurse at Fort Benning has adopted the Infantry's motto, "Follow Me," as a family guide-line, as she packs her size three uniforms and custom-made, size three combat boots to go to Vietnam.

Second Lt. Peggy Wells Enders of Burnsville, N. C., is following her husband, 2nd Lt. Ronald H. Enders of Winston-Salem, N. C., who is en route to Vietnam with the 1st Cavalry Division (Airmobile).

"I had no idea of going to Vietnam," the nurse said. "About two days before Ronald was due to leave (Aug. 17), my orders came. The biggest problem seemed to be suitable clothing for a combat zone. They just don't make fatigues and combat boots in my size."

When someone suggested that it would be easier to get her orders changed than to find combat boots for her tiny feet, Lt. Peggy Enders said, "If you can't locate boots for me I'll go to the children's department of a shoe store and buy loafers—I'm going to follow my husband to Vietnam."

She'll get the combat boots, made to order, in time to leave for Vietnam Sept. 12.

The daughter of Mr. and Mrs. Luther Wells of Purrsville, Peggy met Ronald while both were students at Pfeiffer College in Misenheimer, N. C. Later, she was graduated from Charlotte (N. C.) Memorial Hospital School of Nursing, and he from Wake Forest College at Winston-Salem.

After their marriage Oct. 4, 1964, they made a honeymoon trip to Fort Sam Houston, Texas, where she entered basic training as an Army nurse and he was sworn in as a Medical Service Corps officer.

In December, the two Lieutenants came to Fort Benning—he to serve at Martin Army Hospital, and he to join the 11th Air Assault Division (Test), now designated 1st Cavalry Division (Airmobile).

Although there was no connection between the two sets of orders to Vietnam, the Enders hope to see each other once in a while, at least.

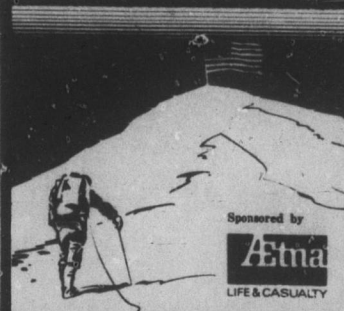

FORT BENNING, GA. — the Fort Benning trained 1st Cavalry Division (Airmobile). Lt. Ronald Enders, a member of the Medical Service Corps, is executive officer for the 1st Cavalry's surgeon, while his wife has been assigned to the 93rd Evacuation Hospital.
