N. C. Wildlife officials get statistics on a spike buck tagged by G. B. Wyatt of Micaville. The deer was killed in the Mt. Mitchell Refuge. Each animal that is

checked is examined for age and other data. "Eighteen months old", the Commission official announced after he had checked the deer's teeth. Expert? You bet.

A cabbage patch near Ceo unhurt by cold weather. E. L. Dillingham, Yancey Farm

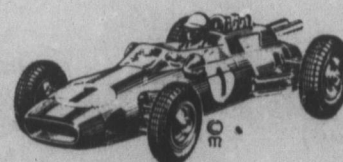

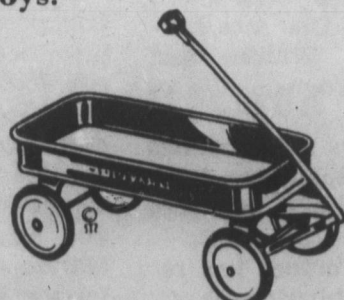

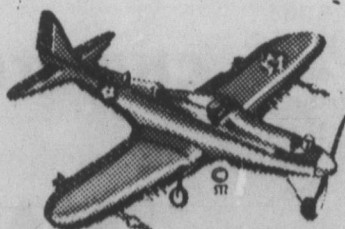

Agent, estimated that no more than ten acres of marketable cabbage were grown in this county.
