The polls will be open from 8:00 a. m. to 6:00 p. m.

Notices of farm acreage allotments and poundage quotas as well as allotments under the program now in effect have been mailed to all burley tobacco farm operators so that they may know these program details in advance of the referendum.

If more than two-thirds of the growers voting in this special referendum vote YFS, the acreage-poundage quotas provided by the new program will be in effect for the 1966, 1967, and 1968

crops of burley tobacco.

If the acreage-poundage program is not approved, that is if as many as one-third of those voting NO, the present marketing quota program on an acreage basis will remain in effect. All burley tobacco growers are urged to vote on this important question. All farmers 18 years of age or older who engaged in the production of the 1965 burley tobacco crop are eligible to vote in the special referendum.
