Sun Valley Rest Home Needs Sewing Machine

Do you have a second hand sewing machine which you are not now using, and do not expect to use? If so, we know just the place for it, namely Sun Valley Rest Home. The nursing home maintains a patient load of approximately 24, mostly women, and you can just imagine how much mending of clothing, bed linen, etc. this entails. If you want to do your good deed (taking it off of your income tax at the same time), and have a machine that could be used for this purpose, please contact Mrs. Anglin, supervisor of the nursing home.
