

S.M.A. To Have Representative In Asheville

In an effort to make its program accessible and more convenient for the small business concerns in this area, the Small Business Administrations will have a representative in Asheville one day of each month to counsel small business owners about their financial and management service. The SBA representative will be at the Asheville Chamber of Commerce on February 21st, between 9:30 AM and 3:30 PM, and hereafter on Tuesday of the third full week of each month. Appointments may be made by calling the Asheville Chamber of Commerce, telephone number 233-3351, Asheville.

SBA loans are made for business construction, expansion, purchase of machinery, equipment, inventory and working capital. Maximum maturity is ten years on fixed assets loans. Maturities on working capital loans are usually confined to six years. Most retail and service businesses are classified as small if their annual sales do not exceed one million dollars; wholesale concerns with annual receipts of five million or less and manufacturing concerns, with some exceptions, if total number of employees does not exceed 250.

SBA can make direct loans up to \$100,000; bank participation loans (SBA share \$50,000) and SBA guaranteed loans up to \$350,000. Under the Guaranty Program, the bank advances the entire funds and SBA can guarantee up to 90 percent of the loan. However, SBA cannot make a loan until there is evidence that the funds needed are not available on reasonable terms from banks or other private lending sources. Small business owners desiring to discuss their financial needs with the SBA representative should bring with them current financial information.

Additional information about the programs and services of SBA may be obtained from the Charlotte Regional Office, located in Room 301-201 South Tryon Street, Charlotte, North Carolina 28202.
