'PIED PIPER' PLAYS TO PACKED HOUSE

Friday night's production of "THE PIED PIPER OF HAMELIN" at the Parkway Playhouse given by children of Burnsville Elementary School, played to a packed house on Friday night. It was thoroughly enjoyed by both young and old.

The children did a wonderful job of acting. The costumes (period 1294) were most colorful and beautifully made. A great deal of credit should go to Mrs. Bill Hess and her Committee

for the work and skill that went into the making of them. The sets, under the supervision of Mr. Kenneth Laughrun, were in our opinion absolutely perfect. No less credit should go to all who worked so faithfully and well in making this a perfect evening for the viewers as well as the actors and this could include practically every member of the Burnsville Elementary P.T.A.

In order to give all the children

of the school an opportunity to attend "The Pied Piper" a repeat performance was given Monday afternoon for all the children.

Much more planning need to be made by both the architects and the building committee before the bids are let. However, it was thought by some that actual work on the new structure will begin in the late summer.

Poppy Day, May 27

"Poppy Day" will be observed throughout the U. S. on Saturday, May 27. The Auxiliary of the Earl Horton Post American Legion is sponsoring the sale of poppies in Burnsville throughout the day.

Funds realized from the sale of the poppies go to help disabled veterans and their families. The poppies are the work of patients in Veterans' Hospital's.

Have your change handy and be generous in helping this very worthwhile cause. We said "change" — but why not make it "folding money"? Let's help our veterans who are trying so hard to help themselves.

Mr. Childress will serve as V. P., General Manager and Chief Engineer. Mrs. Childress, also of Mt. Airy and a graduate of Mt. Mr. and Mrs. Childress and their two young sons (Terry and Timmie) now reside at Mica-ville.

Mr. W. H. Plemmons, President of W.A.M.Y. called a meeting of its officers and directors, which was held in headquarters office in Spruce Pine Thursday night, the 11th, for further discussion of a proposal submitted to the Office of Economic Opportunity in Washington for an experimental communications project in the nature of a weekly newspaper for low income residents in the four counties — Watauga, Avery, Mitchell and Yancey. The project as proposed would provide a weekly newspaper free to about 8,000 families in the four county area.

This meeting was brought about by the great amount of criticism of the project by news media, interested citizens in the area and people throughout the country.

After a discussion of about forty-five minutes, Dean Christaw, Director from Yancey County, made the motion that the proposal be withdrawn. The motion was seconded by Robert Helmle, Director from Burnsville. Upon being put to a vote the motion carried 21 to 6 in favor of withdrawal of the proposal.
