Yancey Farmers Use Modern Methods To Fertilize

A helicopter will fly over three Yancey County farms November 2, but it will be dropping fertilizer instead of bullets, according to E. L. Dillingham, County Extension Chairman of Yancey County.

This will be a special demonstration of how to get fertilizer on pastures that are too steep for other equipment. 100 acres of land will be fertilized on the farms of George King, Oscar Wilson and Rex Yelton. The King farm is located on the Green Mountain Road in the Mine Fork community. The Wilson and Yelton farms are located in the Possum Trot community near Bald Creek.

These farms will use the concentrated phosphate supplied to unit test demonstration farmers by the T.V.A. The flying company will charge two and one-half cents per pound for spreading the fertilizer.

The public, and especially the interested farmers who may want to apply fertilizer next spring by helicopter are invited to the demonstrations.

Postmaster Urges Early Christmas Mailing

The Post Office Department breaks records for mail volume every Christmas but 1967 may break more records than any previous year, Postmaster Buck said today.

In urging local citizens to mail early for Christmas, Mr. Buck said the four-state Atlanta Region, of which his office is a part, will handle 100 million more pieces of mail this Christmas than last year.

"This increase alone is equal to the total volume of mail in some countries for an entire month," he said.

"Unless the people cooperate and get their Christmas mailing done early, we are going to be hopelessly swamped just before Christmas," he said. "Things will get awfully chaotic."

Mr. Buck said Regional Director C. Banks Gladden today informed him that the volume of mail to be handled in North Carolina, South Carolina, Georgia and Florida will total 1,276,700,000 (Billion) pieces in December — an increase of 100 million or 8.4 per cent over last December.

The postmaster emphasized this figure represents the total incoming and outgoing pieces to be handled by all postal stations, which is the basis for determining the amount of Christmas employment.

Welcome Home, Ex-Mayor Helmle

Seeing Robert K. Helmle on the streets of Burnsville again is a welcomed sight. He left here some months ago to reside in Sedona, Arizona, with his family.

Mr. Helmle was mayor of Burnsville for a 6-year period prior to moving to Arizona. And during the number of years he resided here, during his terms as mayor and before, most of his time was spent on projects and with civic organizations to see that Burnsville and Yancey County would be a better place in which to live.

We are sure that the majority of Burnsville citizens join us in giving Mr. Helmle a hearty welcome home.
