

Homecoming Revival At Faith Fellowship Church

Faith Fellowship Baptist Church began its Homecoming Revival on Wednesday evening, August 21, and will continue through Sunday, Aug. 25. Rev. J. Robert (Bob) McClure, who endeared himself to everyone during the Homecoming Revival last year, is returning for this second Homecoming.

Mr. McClure is founder and pastor of a growing independent, missionary-minded church, Morningside Baptist Church in Greenville, S. C. He conducts a daily gospel radio broadcast heard in the Piedmont Carolinas; is founder and director of Tracts, Inc., member of the Carolina Baptist Fellowship; and on the Board of Directors of Graham Bible College in Bristol, Tenn. He is Director of

Trumpet Tours to the Holy Land. Having returned in the spring from his third Holy Land Tour, and with the itinerary for his fourth such tour already planned for next year, he is well qualified to speak out on Bible prophecy and present world conditions.

You don't want to miss a single service of great gospel preaching and singing, along with slides and films of Brother Bob's Holy Land Tour. Services each evening begin at 7:30 p. m., Sunday School at 10:00 a. m., and Sunday morning worship at 11:00 a. m. Sunday morning services are followed by a fellowship at the church. Brother McClure, pastor of church, is helping cele-

brate; not only their second homecoming, but also their second anniversary at Faith Fellowship.

Anyone needing transportation may call 682-2376, and receive transportation in Faith Fellowship's new bus.

Pull Over To Curb

When you hear a fire siren while you are driving your automobile, pull over to the curb and stop if fire fighting vehicles are coming your way, the American Insurance Association said today.

By so doing, you will permit firemen to move more speedily in answering an alarm.

Most cities have ordinances requiring private passenger automobiles to give the right-of-way to fire apparatus.

Failure to do so may be helping a fire to spread beyond control.

Left to right: R. J. Denny, Associate Supervisor of Vocational Agriculture, Education, State Department, and Yancey County Vocational Agriculture teacher H. D. Allen determine the d.b.h. (diameter, breast high) of a hardwood tree during the one-day Forestry workshop

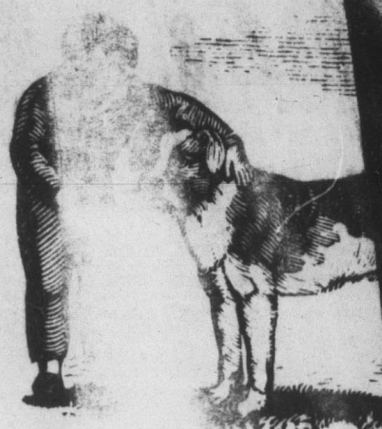

held by Haywood Technical Institute of Clyde, N. C.

A total of forty-two Agriculture teachers took part in the "learning by doing" session.

Haywood Technical Institute Forestry instructor, Jack Bradhage, far right, checks the work.

Northwestern's got

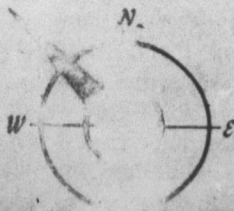

SCHOOL SPIRIT!

Education may be today's best bargain, but getting outfitted for learning still costs a pretty penny. There are clothes to buy, fees to pay and numerous incidental expenses.

If you're a parent, you'll particularly appreciate the convenience of a Northwestern checking account during the back to school days. Cancelled checks and Northwestern's monthly statements help you to budget your family spending by showing you where every dollar goes.

And when the extra demands of getting your children ready for school are more than you're prepared for, you may need a loan. Come see us. We've got school spirit.
