Head Start Program Plans Completed

Plans for the Summer Head Start program are complete in the four county area according to Mrs. Lorene Greene, Head Start Director. All Centers will open June 15th at 8:30 in Yancey County. A total of 525 children will attend in the four counties.

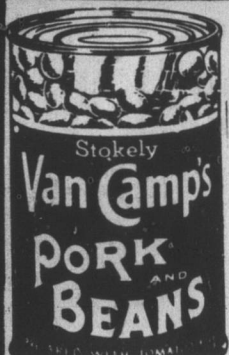

Centers in Yancey County are located at Bald Creek, Micaville, Burnsville, Clearmont, Pensacola and South Toe Schools. Miss Ethel Boone, School Supervisor, is Summer Head Start Director. School buses will operate and should your child miss the bus the first day please contact the teachers in your area.

Summer Head Start is funded through the Department of Health, Education and Welfare and is a child development program, stressing nutrition, edu-

cation, health, psychology, social work and recreation. The program also provides physical examinations, dental evaluations, and treatment during the six week program with follow up care through December 30, for those involved in the program.

All children will be screened for heart defects by the four-county Heart Sounds Screening Program. Volunteers are needed for this program as well as outings and trips the children take.

Parents and any others with an interest in children should contact Miss Boone at the Board of Education if they care to volunteer. Parents and friends are urged to visit the centers and observe the program at any time.
