## Honorable Mention

An Honorable Mention went to White Oak Creek Community in Yancey County in the judging of the Roadside Improvement Contest of the Western North Carolina Community Development Program for 1971.

In an effort to beautify and improve their community, the White Oak Creek citizens disposed of 15 old junked cars in an old mine. Removal cost was \$12 per car. Regular roadside pick-ups were made by the area's youth with the assistance of a special tractor-powered "litter buggy".

## America's Finest Oil Heater

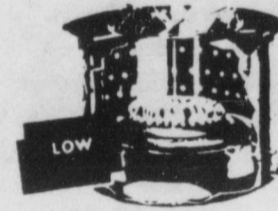

Tank FREE If You Buy Now

### Exclusive Magic Mixer Burner

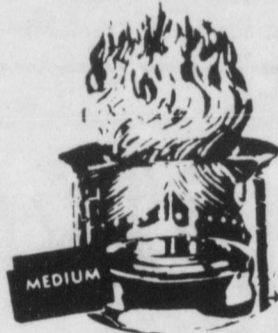

This simplified drawing shows how the Monogram burner works. As the oil flows to burner it turns into gas. Fan provides the draft and also circulates warm air to all corners of the home. No complicated gadgets or controls.

#### LOW FLAME

Low fire is clean - free of soot and carbon. The Magic Mixer Burner provides a standby flame to keep the burner bottom hot and ready for faster vaporizing of oil when the burner is turned to a higher setting.

#### MEDIUM FLAME

The proper balance of primary and secondary air, mixed with the gas made from oil, produces a clean, hot efficient medium flame without soot or carbon.

#### HIGH FLAME

A powerful, full-bodied flame. Notice the blue-purple base and clear luminous fire - clean and quiet. Such perfect combustion means more heat from every drop of oil.
