We would like to remind everyone to be extra careful on our roads during the times our children are on school buses. Even at 55 miles an hour you can't stop coming around a curve fast enough when you see a stopped school bus ahead. So let's please keep this in mind.

The Green Mountain Community is saddened at the death of Mrs. Crawford Ayres. Our warmest thoughts are with Mr. Ayres and her children at this time. The loss of her on earth is heaven's gain.
