Halloween Safety

(Cont'd from page 1)

Children enjoy putting on makeup as part of their costumes, but be careful of what they use. Cheap makeup can in many instances cause complexion problems for youngsters or hurt their eyes.

Finally, when your child goes out for the evening, be sure you know where he or she is going and what time he or she should be back.

Halloween can be a real treat for everyone. One way to insure it is to follow these simple rules of safety. The result will be an enjoyable and safe evening for children and parents alike.

Letters To The Editor

Dear Editor:

Children and adults alike will be disappointed this year because the Christmas Parade will not be held unless some group or organization decides to tackle the big problem. The Jaycees say that because of lack of funds and cooperation from outside of the Club it will be impossible to have this parade. They agree, however, to give all help possible if someone chooses to go ahead and have one.

Floata that were built and judged were judged from people outside the county, hand picked by Jaycees, and were believed to have no connection with anyone in the county. Nevertheless, hard feelings were encountered when a hard-working community or group didn't win when they

felt they should have. This created less and less floats every year.

A Parade without band was also getting worse every year. The bands wanted more and more money every year: just to come a few miles. The cost of having a parade has doubled, which has helped to bring about the "No" vote from the Jaycee Club.

Perhaps next year the feeling will change and the people can work together for a Christmas Parade.

Don Banks

Dear Editor:

On behalf of the entire Extension Staff I would like to express appreciation to you for the effort expended in the fine work you did in getting the 4-H edition out. You have made a contribution to a very worthwhile effort. Parents and youth throughout our county appreciate your effort also.

Sincerely yours,
 Wm. C. Bledsoe

Dear Editor:

In appreciation of your last week's article on "What is A Teacher?" and all the publicity you and WKYC have given the efforts of our local organizations for education in Yancey County, I hereby submit the following "Prayer For Teachers" by Frank Gleason for publication.

I extend congratulations and thanks for all the good the progressive citizens have made (both the young and older people) for using these blessings God has given us.

Gratefully yours
 Bess Lewis

December 16 will be the Achievement Night for the Yancey County clubs. A covered dish supper at 6:30 and the program at 7:30 are the planned activities. A

place for Achievement Night has not been decided upon. Further plans are to be made at our next meeting November 23, in the Jury Room, at 3:30 p. m.

PRAYER FOR TEACHERS

By Frank Gleason

O Lord of learning and learners,
 We are at the best but blunders
 In the God-like business of teaching.
 May we so awaken interest that discipline will be less and less necessary.
 Help us to realize that in the deepest sense
 We cannot teach anybody anything,
 That the best we can do is to help him learn for himself.
 Give us reverence for our materials,
 That we may master the particulars of our particular fields;
 But help us to see that all facts are dead until they are related to the rest of knowledge and the rest of life.
 Help us to see that education is after all but the adventure of trying to make ourselves at home in the modern world.
 May we be as shepherds of the Spirit as well as masters of the mind.
 Give us, O Lord of teachers a sense of the divinity of our undertaking.

Amen.
