

Give your idle funds a Five percent boost!

Idle dollars—in checking accounts, in safe deposit boxes, in coin banks, even under your mattress—are unproductive. These dollars cannot reproduce themselves because they are not working. Money is the seed of money.

And people all over Northwestern North Carolina have come to know that First Federal of Erwin is one of the most profitable and safest places in which to invest funds they must "count on". Here's why: at First Federal, 5% is the lowest rate your money can earn today. And, depending on amount and term of deposit, your money could earn up to 6% per year.

Safety is important too...and you can enjoy peace of mind knowing that your savings are insured up to \$20,000.00 by the Federal Savings and Loan Insurance Corporation, an agency of the United States Government.
