

The Word "Yule" Has Pagan Origins

The ancient northern Europeans, acutely conscious of the peregrinations of the Sun, formed definite theories about it.

They thought the sun was a wheel revolving around the earth, and they observed that on one particular day in midwinter its appearance and disappearance marked the shortest day of the year.

This cycle was known to them as the Hweol, and it was a time of celebrating.

As the pagan Yule celebrations were replaced by the feast of Christmas, the festival season extended from Christmas Eve to the Feast of the Epiphany. This meant that the Yule log had plenty of time, big as it used to be, to flame and flicker before the last of it had smoldered to ashes.

In the agricultural economy of the pre-Civil War South here in our own country, the Yule log was the means of procuring a true holiday for the field hands.

There was on many plantations an accepted unwritten rule that the slaves would not have to work outdoors so long as the Yule log was alight. The workers would take advantage of this custom, and select the biggest and toughest gum tree trunk they could find. They would sink it under water for weeks beforehand, to make it as slow-burning as possible. Sometimes one of these nearly fireproof logs would simmer away for several weeks.

Sing hey! Sing hey!
For Christmas Day;
Twin mistletoe and holly.
For friendship glows
In winter snows,
And so let's all be jolly!

little-known stories, and origins of Xmas customs

Americans exchange billions of Christmas cards every year.

There are conflicting reports of who sent the first one. According to one source John Calcott Horsley designed the first card for Sir Henry Cole in 1843. It is a triptych, the central panel of which shows a well-fed family at table. They raise their glasses to toast, "A Merry Christmas and A Happy New Year To You." Flanking them in the end panels are the poor and the hungry.

According to another source, the origin of this relatively modern custom is sometimes ascribed to the English Royal Academy artist, W.C.T. Dobson. In 1845 he sent friends lithographed copies of a sketch he had made to symbolize the Christmas spirit.

The first English printed cards were very simple; a robin, a sprig of holly or mistletoe, plus a conventional greeting. Pioneers of Christmas card printing in the United States were mostly Germans such as Louis Prang, who opened a shop in Roxbury, Mass. in 1874.

Put all wrapping paper away as soon as presents have been opened. A carelessly dropped match or cigarette could be the spark to a very sad, silent night.
