## Social Security Answers

By D. H. Butler  
Field Representative

Q. Our 5 year old granddaughter gets Social Security checks because her father died. We are thinking of adopting her. Would this stop her Social Security checks?

A. No. Adoption by a grandparent does not stop a child's Social Security benefits. However, if the child were adopted by someone other than a grandparent, stepparent, aunt, uncle, brother, and sister the benefits would stop.

Q. My cleaning lady will not get a Social Security number so I can report her wages. What can I do?

A. If you pay your cleaning lady \$50 or more in cash wages in a calendar quarter of the year, you must report her wages even though she does not have a Social Security number. In making your quarterly earnings report for her, give her full name and address and the amount you paid her in cash wages. Also, you should note on the form that your employee refuses to furnish you her Social Security number.

Q. I live on a small farm and have net earnings of only about \$700 a year from working it. Should I report my farm earnings for Social Security?

A. Yes, you should report your earnings from self-employment if your net is \$400 or more a year. You will receive Social Security benefits payable to you and your dependents based on your record of earnings in employment and self-employment covered by Social Security. The higher your average monthly earnings, the higher your benefits.

Q. My neighbor, who lost both legs last year, gets monthly Social Security disability benefits. He can't wear artificial legs, but he would like to learn a trade where he can work sitting down. His friends tell him though, that he'll lose his Social Security benefits if he gets a job. Is this true?

A. Not exactly. The Social Security law provides a trial work period without loss of benefits for disabled persons like this neighbor. This is an incentive to help them to return to work. If your neighbor does start to work and continues to work, his benefits may be continued up to 1 year. The State Rehabilitation agency may help your neighbor learn a new trade if this is possible with his disability.

Q. I take care of a woman's children in her home Monday to Friday for \$25 a week. She doesn't pay any Social Security on my wages or deduct anything from my weekly checks. I'm not yet ready to retire, but I want to be sure I get the right credit for work. Is there anything I can do?

A. Call the Asheville Social Security Office, 252-8773 as soon as possible. We will look into your case and see that you get the correct credit for your work.

Q. I was taken ill while I was on vacation in another state. After I got home, I sent my bills to Medicare like I always do, but they returned them to me and told me to make the claim where I was sick. Why can't I file my Medicare claim here?

A. Generally, your Medicare claim must be filed with the Medicare office in the state where you received the Medicare services. In this way, Medicare can keep track of costs of particular medical services within an area. Your Medicare Handbook gives a complete list of places where Medicare claims are to be submitted.
