The Pastors Paragraph

Rev. N.H. Brittain

Sacrifice is a tremendously complex subject but it is woven into the very fabric of the universe. The ancient Hebrews under the mosaic law offered the first fruits of their harvest and best animals were brought to the temple to be sacrificed for their sins. The Romans offered their libations to their gods. Bulls were slaughtered as sacrifices to the Persian god of light. The Maoris and Aztecs were among the many people who made human sacrifices. As Christians we see in Jesus Christ the supreme sacrifice for the forgiveness of sin. It seems to be the nature of humanity to desire something more than just lip service to his god. And yet today so few

Lions Say Thanks

The Burnsville Lions Club wishes to express deep appreciation to the many residents of the county for their support in the annual fruit cake sale again this year. The sale was a success, as in years past, with nearly 360 fruitcakes being sold. The club uses the profit from these sales to provide fruit baskets for some 35 blind and visually handicapped people in Yancey County, and for other types of aid to these people including financial support of the eye clinic.

John Ollis was pronounced champion salesman this year after having sold 127 cakes, more than a third of all sales. He took the honors this year from Lion E. L. Beeson, who for years has been the outstanding salesman in the club.

In addition to work with the blind the local club sponsors the cub scout troop, contributes annually to Boys Home, Care, White Cane, and other worthy organizations. During the past year considerable help has been given to Girls Haven.

Dentistry Program

Miss Lois Chermak, a specialist in Dental Disease Control, spent the past week in Spruce Pine working with Dr. Beaswell and his staff in order to install an effective preventive dentistry program in his office. This will make available the latest dental research knowledge to patients who want to keep their teeth a lifetime.

Dr. Beaswell and his staff, within the past few months, have attended the University of Maryland, the University of North Carolina, the University of Kentucky and special training sessions in Hickory, North Carolina and with Norcliff Laboratories in preparation for this dental disease control program.

Sweepstakes Winner

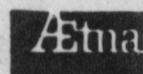

Virginia P. Bailey of Burnsville was one of 147 North Carolinians to be named winner in a Progressive Farmer/Southern Living magazine sweepstakes mailing conducted in 1971.

The More than 1,200 prizes valued at \$43,000 are being distributed to winners across the South.

Miss Bailey was the winner of a \$60 digital clock radio.
