

# Attend The Church Of Your Choice On Sunday

14th In A Series Of Mitchell County Churches---

Cane Creek Baptist Church

## Cane Creek Church Grows In Spirit, Membership

In October of 1948 work began to build a new church on Cane Creek. On Thanksgiving Day of that year, the dedication service was held and the names of the heads of 17 families, as charter members, were cemented into the cornerstone. Most of the labor to construct this church was given freely by the men of the church and community. Until the church was completed enough to use for worship, services were held in the different homes. On April 7, 1949 the church was formally organized with the late Rev. Dayton Jones, as Pastor and named Cane Creek Calvary Baptist Church. Seventy-six members constituted the new church. The church structure was erected of block, later stuccoed, and then bricked in 1960. Further improvements have continued to be made which include paneling, new pews, light fixtures and carpeting. The church has also grown spiritually with the membership now being 146 and the present pastor is Rev. J. Astor Buchanan.
