

Attend The Church Of Your Choice On Sunday

15th In A Series Of Mitchell County Churches---

Altapass Church Is More Aware

In the year of 1925, under the direction of Rev. Don Hall, a very small group of people met in a former school building and organized the Altapass Baptist Church. Two of the charter members, Mrs. Lora Jane Hefner and Mrs. Blanch Hefner, are still faithfully attending each church service.

In the year of 1948, under the leadership of Rev. J. H. Henline, the need for a new church building was urgently felt. The construction of a new building was begun, and most of the labor and lumber to construct the new building was given freely by some of the men of the church and community. In February, 1949, the building was completed and services began at the present location. Further improvements have continued to be made, which include the addition of new classrooms, paneling, light fixtures, carpeting, and the installation

Altapass Baptist Church

of a baptistry. The most recent addition to the church grounds has been the erection of a new church sign, constructed of matching brick, which was sponsored and paid for by the Youth Sunday School Class (ages 15-17).

Services at the church provide Christian training and teaching through the Sunday School, Worship Services, the mid-week Prayer Service, the

Training Union, and the W. M. U. The present membership is around 140.

Many dedicated ministers have provided leadership for the church since it was organized, some of these being the Rev. Don Hall, Rev. Charlie Parker, Rev. Hobart Glass, Rev. B. B. McGuire, Rev. Astor Buchanan, Rev. J. H. Henline, Rev. Roby Painter, Rev. MacMurray, and Rev.

Lloyd Glenn. The present pastor is Rev. Bruce Buchanan, and he has been a very dedicated and faithful pastor since 1961. Under his capable leadership the church has grown in many ways. The church has become much more aware of its commission to "... Go ye into all the world and preach the gospel..." and to reach the lost people in the community and surrounding areas.
