Officials Bag 140 Plants

Last Saturday Sheriff Kermit Banks and local police officer Horace Biggs pulled up 140

marijuana plants on the top of a mountain in the Brush Creek area. There were no arrests.

Sheriff Banks said that a number of marijuana raids have been made recently, but the situa-

tion remains under control in Yancey County. Widespread growth of the weed is not evident

at this time and steps are being taken by law enforcement officials to prevent a problem

Lunchroom **Problems**

If your child comes home from school complaining about his lunch this week, his complaint may be justified, so ask him to bear with us during the first week of school, says Edgar Hunter, Superintendent.

Schools in the six - county Northwest Region began a new program this year financed by funds from a special state allotment for lunchroom supervision. Under the program, help is available in menuplanning and other areas of school food service;

The major problem facing us this week, Hunter said, is that we have had a big mix-up in delivery of food items from the wholesaler who was low bidder on food. We hope to have these problems ironed out within a few days, however, with hopes that the program will be an improvement in the school food service throughout
