WESTCO TELEPHONE COMPANY

NOTICE OF HEARING

DOCKET NO. P-78, SUB 32

BEFORE THE NORTH CAROLINA UTILITIES COMMISSION:

Notice is hereby given that Westco Telephone Company (Applicant) has made application to the North Carolina Utilities Commission for authority to increase its rates and charges for intrastate telephone service in North Carolina. The present and proposed main station rates and amount of increase by exchanges are as follows:

	Business			Residence		
	1-Pty.	2-Pty.	4-Pty.	1-Pty.	2-Pty.	4-Pty.
Proposed	\$17.50	\$15.75	\$14.00	\$8.75	\$7.90	\$7.10
Present	13.40	11.90	10.90	7.10	6.35	5.85
Increase	4.10	3.85	3.10	1.65	1.55	1.25

Bakersville, Grden City, Glenwood-Providence, Hayesville, Murphy, Sevier, Suit Exchanges.

Proposed	18.75	16.90	15.00	9.40	8.50	7.65
Present	14.40	12.90	11.90	7.35	6.60	6.10
Increase	4.35	4.00	3.10	2.05	1.90	1.55

In addition to these rates, the Company proposes increases in the rates and charges for extensions, directory listings, PBX and key system components, key system lines, miscellaneous equipment, and service connection and other non-recurring charges.

The Commission also proposes adjustment of zone charges, increases in miscellaneous mileage charges, and elimination of charges for colored hand sets.

Details of the proposed changes are available at any Westco Telephone Company business office in North Carolina or at the North Carolina Utilities Commission, Ruffin Building, One West Morgan Street, Raleigh, North Carolina, where a copy of said application is available for public review.

In justification of its application, Applicant alleges that its last rate adjustment was based on a twelve-month period ending December 31, 1971, that it has been faced with increased costs in virtually all aspects of its operations, and in addition has made substantial investments in its facilities for the purpose of increasing and improving its services to the public; and that the present rates are insufficient to provide the Applicant with a fair and reasonable rate of return on the fair value of its property and therefore needs \$501,746 of additional revenue.

Notice is given that the matters for investigation and hearing in this general rate case, when heard, shall include not only a determination as to whether or not the proposed rates are just and reasonable, but also a determination as to whether or not some or all of Westco's presently existing rate structure should be changed.

The Commission has set said application for hearing at locations and dates for certain purposes as follows:

a. Sylva, North Carolina, on December 10 and 11, 1974 at 9:00 a.m. in the Courtroom, Jackson County Court House, Sylva, North Carolina. The Commission will hear the testimony of public witnesses, and the testimony and cross-examination of the Applicant, the intervenors, and the Commission Staff.

b. Asheville, North Carolina, on December 12 and 13, 1974 at 9:00 a.m. in the Courtroom, Ninth Floor, Buncombe County Court House, Court House Plaza, Asheville, North Carolina. The Commission will hear testimony of public witnesses and the testimony and cross-examination of the Applicant, the intervenors, and the Commission Staff.

The Commission requires that Westco Telephone Company inform its customers of the following procedures by which their comments regarding the rate application can be made part of the record of the case upon which the Commission must base its decision. Persons desiring to intervene in the matter as third parties of record should file a motion under North Carolina Utilities Commission Rules RI-6, RI-17, and RI-19 ten (10) days prior to the hearing. Persons desiring to present testimony for the record should appear at the public hearing. Persons desiring to send written statements to the Commission should submit their statements prior to the hearing, and should include any information which those persons wish to be considered by the Commission Staff in its investigation of the matter. The contents of letters and petitions will be received in the official file as statements of position. Specific facts will be considered on the basis of testimony presented at the public hearing. Interventions or statements shall be addressed to the North Carolina Utilities Commission, P. O. Box 991, Raleigh, North Carolina 27602.

North Carolina law provides that the Attorney General may represent the using and consuming public in proceedings before the Utilities Commission. Should you wish to contact the Attorney General, his address is as follows: Mr. I. Beverly Lake, Jr., Deputy Attorney General, P. O. Box 692, Raleigh, North Carolina.

This the 19th day of June, 1974.
