Student Drivers Get New Car

What's new at Cane River is a new car. At least that's what one student has to report in this issue of Cane River News.

NEW, NEEDED CAR COMES TO CANE RIVER

By Phillip Ray
A true news writer never comes to the point when he writes his own opinion in a news story, but in this case I feel that I must.

On Monday, March 3, 1975, by the courtesy of Roberts Chevrolet-Buick in Burnsville, a very happy Mr. Dan Wilson drove up Cane River's driveway in a new driver education car.

The car is a Chevrolet Luxury Nova and has power brakes, power steering, an AM car radio, really neat bucket seats and an automatic in-the-floor gearshift. It has a silver-grey exterior and a red interior—the same color combination as our school colors. I encourage all students here at Cane River to stop by and look the new car over.

By Pat Hilemon
On Friday, March 14, Mr. Peterson's fourth-period class surprised him with a birthday party. They served coke, cake, cookies and potato chips and gave Mr. Peterson a tie for a present.

In the week that he stays, he will deliver messages for Glenn Morris and will be paid for his services. On the last night, a party will be given for all the legislators and their pages.

Marilyn Banks

By Phillip Ray
On Tuesday, March 11, Mrs. Nancy Shaw, RN took both her vocational health classes at Cane River High to Yancey Hospital to tour the hospital's laboratory. Mr. Floyd Harrell, Chief Medical Technologist, demonstrated how the laboratory uses its many tests and machinery in typing blood.

players, and the correct manner of training players.

The staffs of all workshops are composed of National Athletic Training Association certified members, plus physicians and paramedical personnel with long experience in the field. The length of this

training course and the beginning date are yet to be announced.

DRAMA CLUB KNOWS THE MEANING OF "ACTIVE"

By Phillip Ray
Cane River High School's drama club has set its goal to be active, and, believe me, they know the meaning of the word.

Since its beginning one year ago, the club has sponsored six school programs, two Christmas plays and one major spring production. They have traveled to Mars Hill College to see five different plays. Mrs. Jane Thomas, club sponsor, plans to direct a group of one-act plays over a period of three or four days in the future.

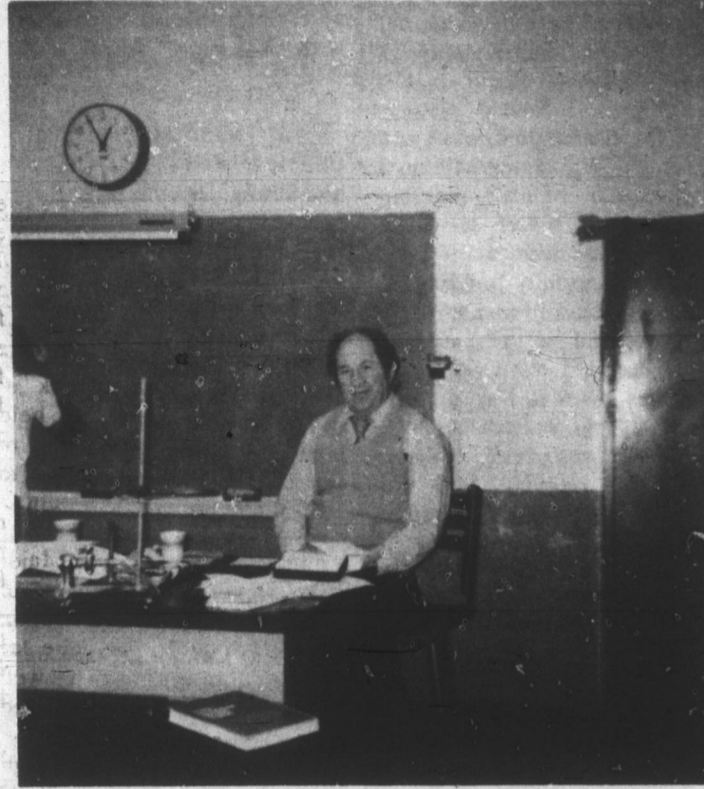

The drama club members are Pam Bradley, Shirlyn Chandler, Sara Deyton, Vicki Edwards, Connie Elkins, Larry Fender, Cheryl Harper, Amelia Higgins, Barbara McCurry, Kathy Silvers, Janet Treadway, Phillip Ray,

Pat McIntosh, Sylvia Brown, Marina Peterson, Elaine Peterson, and Randy Gilvers.

FmHA Gets Loan Funds

The shortage of farm operating loan funds in North Carolina, evident for several weeks, has been partially relieved by additional loan funds that have been made available to assist farm operators in production of 1975 crops and in livestock operations, it was announced today by James T. Johnson, State Director of USDA's Farmers Home Administration.

The additional money is in two categories—an increase from funds made available through Washington, and a release of loan funds originally scheduled for use after April 1, 1975. The combined total for North Carolina amounts to \$5,980,000.

Poisonings: Are You Prepared?

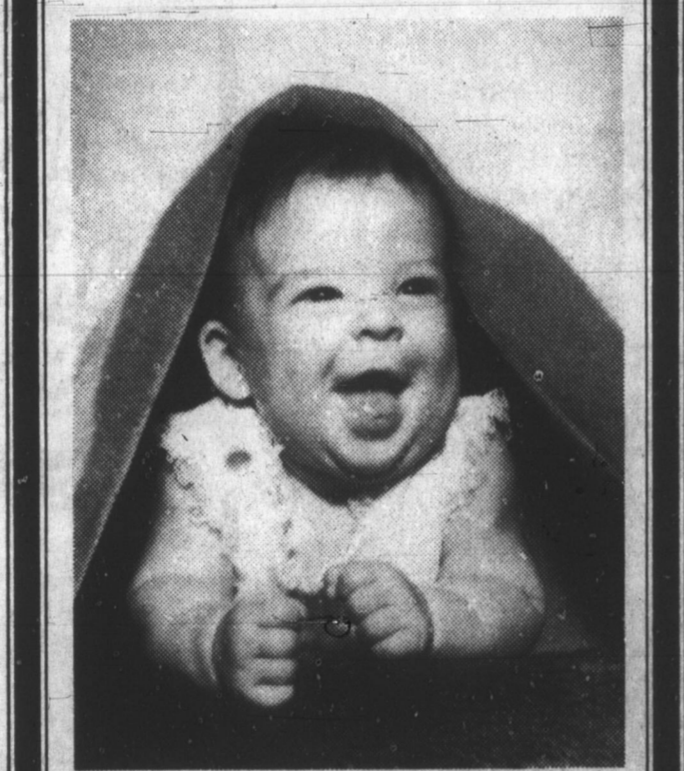

Children are their names. Adventure's their game. They're sneaky "critters." Leave disinfectant within their reach, or fail to fasten your child-proof medicine top and presto, infant emergency!

Everyone agrees that Poison Prevention is necessary around children. But in light of nearly 250,000 poisonings last year, the next best thing to prevention is emergency preparation.

Hope for the best, but prepare for the worst. In an emergency don't panic. Keep a one-ounce bottle of Syrup of Ipecac on hand to induce vomiting if needed. And call your pharmacist or doctor for exact instructions.

Keep a cool head, and like a Scout, "Be Prepared!"
Safety First — Never take medication in the dark, no matter how sure you think you are about its location.
