## Girl Scouts Aid Project

One of Troop 88's Girl Scout good deeds this year was their assistance with the facelift project for the town square. These Junior Scouts gave their Girl Scout cookie money earnings to the Chamber of Commerce to help purchase the water fountain. Because of their donation, a plaque on the water fountain recognizes their troop in acknowledging their participation in this community project. Pictured above, Junior Girl Scout Troop 88. ## Playhouse Bonus Offered To Season Ticket Holders

Prior to the opening of the Parkway Playhouse season a special bonus performance is in store for all season ticket holders. The date will be announced later, but the title of this entertainment is "Mark Twain Tonight", a one-man show by Doug Preis, a member last year of the Parkway Playhouse company. "Mark Twain Tonight" is

familiar to much of the public, having been presented recently on television by Hal Holbrook.

Due to vandalism of the dormitories, inflation, etc. the Playhouse is fortunate in being able to open its doors this season. Running on a tight budget, the Playhouse will be most appreciative of donors in the following

categories, whose names will also be printed on the programs. The categories include:

Angel Season Ticket Holder—\$100; Sponsor Season Ticket Holder—\$50; Patron Season Ticket Holder—\$25; Regular Adult Season Ticket—\$18; and Regular Pre-College Season Ticket—\$10. Tickets sold at the door for individual performances are \$3.50 per adult and \$2.25 for pre-college student.

All tickets will be placed on sale this week at the banks. The schedule of performances is as follows:

## Yancey MHA Held Productive Meeting

A very productive meeting was held by the Yancey Mental Health Association at its annual dinner Friday at the Presbyterian Church, Burnsville.

Patrick J. Hardy, Mental Health Director, spoke of the need for added space, which will be met when the Mental Health Center moves to the building formerly occupied by Radio Station WKYK. He introduced the guest speaker, Larry Thompson, Director of the Blue Ridge Community Health Center. Mr. Thompson praised the progress made in community mental health programs following enactment a few years ago of state and federal legislation in treating people on an outpatient basis rather than as patients in hospitals. He stressed the need for preventive care in keeping patients
