

Party Planning Tips Given By Expert

Whether it's your daughter's wedding, your company's Christmas party or your club's annual dinner, when you're planning The Big Party there are a few things you should remember so that everyone, including you, will enjoy it.

One of the most important to select one person to serve as contact with the banquet manager, the florist, entertainment people and others involved.

According to one party-planning expert, Jerry Temple, former Holiday Inn Innkeeper of the Year, early organization is absolutely essential to a good party. Even before you book the room know how much you can spend, the type of function your group wants to have, a preferred and alternate date and time, and a pretty accurate estimate of the number of people expected to attend.

Then you'll be well on your way to one of the easiest-to-plan parties you've ever held.

Mountain Heritage Names Season's Track Teams

The first Mountain Heritage track team will take to the track this spring season. Coaches Ernie Hughes and Bill Sparks will direct this year's team. The team has met several problems this year, with weather, lack of facilities, and some boys playing baseball as well as running track. In spite of these problems, the coaches expect a strong team. Leading this year's team will be Jimmy Hughes, a senior with experience. Jim will be one of the best 440 men in Western North Carolina. He will also be a top triple jumper. One of last year's standouts, Tim Parker, should be a good sprinter and a top long jumper. Ricky Woody and Eddie King should be two of

the top hurdlers around, and Eddie Burns will also be competitive in this event. Leading the distance runners will be Mark Vess, Mike Atwater, Tony Tipton, Donny Laws, and Eddie Banks.

The sprinters and 440 men will be Jeff Harding, Darrell Huskins, Pete Peterson, Ray Troxell, Ricky Tipton and several others who will aid in this area. Marty Johnson should be competitive in the discus, and our shot putters will be Jim Edwards, Curtis Morrow, Junior Burke, and Randy Hughes. Ken Long will high jump and triple jump, and Melvin King could develop into a top middle distance man.

The team will be competing for the first time in the tough Mountain Athletic Conference. The team will also have several home track meets this year. These will be run on a standard 220 grass track laid out on the East Yancey football field. The dates of these meets will be announced later. Come out to these home meets and support our team.

Forest Roads Damaged

Roads throughout the Pisgah and Nantahala National Forests in Western North Carolina sustained heavy damage during the winter season with deep freezes followed by partial thawing and hard rains. Many of these damaged roads were temporarily closed to public traffic until repairs, estimated to cost approximately \$680,000 are completed.

Damage survey teams recently estimated that over 131 thousand tons of stone would be needed to repair the roadbase of approximately 150 miles of roads that serve as primary access to the forest for hunters, fishermen, campers and timber operators.

Jerry Marsh, Acting Forest Engineer, stated that repairs would begin as soon as weather conditions permit and that roads would be re-opened to the public as soon as possible.
