4-H Terrarium Project Winners

The Yancey County 4-H members have been involved in an environmental project. During June, Clearmont, Pensacola and Micaville club members were asked to join in a search for the best terrarium in Yancey County. 4-H'ers made terrariums to be entered in a contest. The rules were to gather local plants from the woods that would adapt to life in a terrarium, and transplant them in any glass container.
 The winners pictured left to right, are: eleven-year-old Jeff Haines from the Pensacola Club, first place; Lisa Renfro, age 13, and Rhonda Renfro, age 14, both from the Clearmont club, Second Place; and Marlene Renfro, age 16, from the Clearmont club, third place. Each participating member was successful in learning many different local wildflowers. The winners will be honored with a framed certificate of their accomplishment and also a wildflower reference book.
