**Time Proven ICY-HOT PUTS PAIN TO SLEEP "Without taking Pills"**

If you're one of the many, many folks who have "tried everything"—taken pills by the thousand, capsules until you've gagged on them, spoonfuls of evil-tasting liquids until you can't stand the sight of your medicine cabinet, then it's time you get ICY-HOT!

ICY-HOT has been making friends for just about 50 years.

You don't "take" ICY-HOT. Instead you just rub its creamy balm over the affected joints or muscles. That's all there is to it. ICY-HOT must get you the results you want—blessed temporary relief from the pain of arthritis, bursitis, rheumatism, soreness, stiffness. You begin to sleep peacefully again. You can actually feel the pain lessening. If you don't have relief in 24 hours, we'll return your money.

Yes, you must be 100% thrilled with the speed with which ICY-HOT puts pain to sleep, or we'll return the purchase price without question. **3 1/2 oz. \$2.99**

**Pharmacist Have Rules!**

The age-old American principle, "to obey the law of the land," has never meant more to the pharmacist, than today. When federal law states that it will be illegal to dispense a prescription drug without a prescription order, or to renew a prescription drug without proper authorization, then that is precisely how he must interpret it. To do otherwise, might not only jeopardize the pharmacist's career, for the laws governing our actions are well defined, but it may also adversely affect the patient's health status.

Drug laws are created and enforced for one reason — for your protection. So, don't demand more of your pharmacist than he is legally authorized to do. Respect his code of ethics, and he will be better able to give you the professional service you deserve. Such cooperation will be appreciated.
