Mountain Heritage News

Miss Tammy Williams, daughter of Mr. and Mrs. Ike Williams of Pensacola, will be leaving for Anaheim, California from Greensboro Tuesday, April 26, on a plane chartered by the participating North Carolina DECA contestants.

Tammy Williams

She will be competing in the National Display Contest Friday, April 29. Mr. Harold Bennett Jr., the class advisor and chapter DECA sponsor, will be going with her.

The two will be arriving home Tuesday, May 3. The picture below is of Tammy's display which she will enter in the competition.

PERFECT ATTENDANCE
Jerry Chandler, a senior at Mtn. Heritage has so far successfully completed nearly twelve years of school without missing a day. Of all the exciting years at Bald Creek,

Cane River and the one at Mtn. Heritage, he has not missed any. Not that there weren't a lot of mischievous guys in Jerry's classes that say, "Aw come on, stay out some with us," or "Let's lay out of school today." But Jerry just decided he wanted to have a perfect attendance record.

Some people say, "Isn't Jerry ever sick?" He probably has been sick many times but sickness, rain, sunshine, or snow, he is in school if there is school.

There is only one thing Jerry needs: a nice big award for graduation for not missing a day of school his entire twelve years. He has many perfect attendance certificates and he received a small

reward in the eighth grade for graduation, but he deserves attention during graduation and an award for someone who has never missed a day of school in his life.

HEALTH OCCUPATION GET EXPERIENCE
The Health Occupation II students have started going to work at various places to gain first-hand experience. The students get to circulate. Some go to the doctors' and dentists' offices, others go to the child development center, the veterinary clinic and the hospital.

H.O. director, Mrs. Nancy Shaw, tries to get the students in the positions that they like and appropriate to the careers they would like to pursue after

graduation. The students get to watch and help in much of the work.
