

1st Time In WNC

Cattle Sale Set

Where do you go to buy a cow? Or for that matter, to sell one?

This question may not be a pertinent one for some people, but for dairymen it is not only an important question, it can be a problematic one as well.

In the past, Western North Carolina dairymen had to travel away from this area to attend a sale. The nearest sale is held over one-hundred

miles away in Statesville. There has been no dairy cattle sale in Western North Carolina...no place for dairymen with quality heifers for sale to sell them...no place for dairymen needing to purchase quality herd replacements to buy them.

But all of that is changing. Friday, August 5, is the date set for the first Western North Carolina Dairy Cattle Sale.

The event, which has been in the planning and developing stage for over four years, will begin at noon at the Western North Carolina Agricultural Center in Fletcher, just outside Asheville near the Asheville airport.

The three groups sponsoring the sale, the N.C. Agricultural Extension Service, the WNC Holstein Club, and the Dairy Commission of Western North Carolina Development Association, plan to continue the sale as an annual event.

This year there will be between 110 and 120 registered and grade heifers and five registered Holstein bulls for sale. Cattle will, of course, primarily come from Western North Carolina, but cattle from outside the area are welcome, and some are already entered. Buyers from throughout the Southeastern United States will be present.

Standards for entering cattle are strict. All are approved by the selections committee, and all must have their health papers in order...no health papers...no get off the truck."

Health requirements that cattle must satisfy enable them to be shipped anywhere...and trucking will be available at the sale.

These Western North Carolina dairymen are going "all out" to make this an excellent event. Feed will be provided not only for the cattle, but lunch will be available the day of the sale for owners and buyers as well. Cattle brought in on Thursday morning may be clipped at a fee of \$5 per head.

With the dairy industry ranking second in the order of WNC farm income, dairymen need the establishment of this as an annual event will benefit everyone in the area.

Scott Named To ARC Position

Governor Robert W. Scott, former Governor of North Carolina, was officially sworn in July 18 as Federal Co-Chairman of the Appalachian Regional Commission at ceremonies in the Roosevelt Room of the White House. Vice President Walter F. Mondale administered the oath of office to the former Governor. Mondale commented that "ARC has a great challenge before it. We are fortunate that in Governor Bob Scott we have a new Federal Co-Chairman who is equal to that challenge. Bob was an outstanding Governor of the State of North Carolina and one of the most active and respected members of the Southern Governor's Conference." Among those present at the swearing-in ceremony were N.C. Congressman Richardson Preyer and Lamar Gudger, Robert S. Strauss, former Chairman, the Democratic National Committee, and presently serving as Special Representative for Trade Negotiations, and Senator Jennings Randolph, West Virginia. Governor Scott will be the ARC's fifth Federal Co-Chairman and the only former Governor to serve in this position. He will represent President Carter in administering the largest regional economic development program in the history of the United States.

Mount Mitchell Golf

am proud of them. Rosemarie Altemus came up with 20 points, and Marla Hoover with 18 points. That is terrific considering the weather.

So many folks have been asking who writes the Mount Mitchell Golf News, so thought I would finally tell. My name is Bertha (Bertie) Vandell of Burnsville. Friends at Mt. Mitchell elected me the sec. and treas. of the Ladies League. Everyone has been so complimentary, I want to say it's been fun and a joy to write about the good people at Mt.

BY BERTIE VANDELL
Another hot week has gone by! How great when it finally cooled off, but why didn't that happen last Thursday? Yes, it was Ladies Day. Seven gals still went out and golfed eighteen holes. Don't know how they played in that 90 plus heat, but sure

TRAC Gets Grant

Mrs. Katharine B. Mountcastle, president of the Z. Smith Reynolds Foundation, Inc., announces that a grant of \$1068 has been made to the Toe River Arts Council to purchase audio-visual equipment for showing sound/slide pictures throughout Yancey and Mitchell Counties. The grant was made to aid TRAC in promoting the Arts in the region it serves.

Members of the arts council took the sound/slide show about the Summer Arts Program to most of the clubs in both counties. Another presentation will be available to clubs in the fall.

MENS LEAGUE NEWS
Results of last week's postponed match: #2 defeated #1 by 7 1/2 to 2 1/2; #3 defeated #1 by 7 1/2 to 2 1/2; #4 tied #6 by 5 to 5 and #2 defeated #5 by 7 to 3.

TEAM STANDINGS
#2 4J'S&C.B. won 6, lost 1, 4 1/2 points; #6 won 4, lost 2, tied 1, 4 1/2 points; #4 Deytons Devions won 3, lost 3, tied 1, 39 points; #1 won 3, lost 4, 3 1/2 points; #5 won 2, lost 4, tied 1, 29 points; and #3 won 1, lost 5, tied 1, 24 points.

Low gross Tony Allan with 40, Low Net Edison Foxx with 30. Closest to pin #2 hole Worth Wilson; Closest to pin 11th hole, Edison Foxx and Carl Campbell. Hey fellows, let's get going! Some teams must defeat the 4J'S&C.B. If you want a chance for first place--there's only 3 weeks left.

Play has started for club championship: Championship first and second Flight Matches are underway.

More on this as play progresses. Good luck to each of you from this reporter!
(A Note to Pro William Deck--Trying very hard to get those golf shoes on as soon as possible)

Letters TO THE EDITOR

Dear Editor:
I don't know who your representative is in Raleigh. But I wrote Governor Jim Hunt a letter the other day telling him of the two lane highway to Burnsville.

I was born and raised in Yancey County. I told him I thought they should not build any more roads around Charlotte and should give the money to the western part of the state. A couple of nights later, on TV, Governor Hunt said he was taking some of the road money from Charlotte and giving it to other parts of the state. I hope he keeps his promise!

So get Yancey County's representative to work.

Sincerely,
Mrs. Ruby H. Morehead
Charlotte, N.C.

Dear Editor:
On July 6 we arrived in your beautiful mountains for a week's vacation. My husband, being interested in fishing has asked the lady who rented the house from what kind of fishing license was required. We were informed that a 3-day permit for \$5.50 was necessary, but we should inquire locally to make sure. We asked two local people, one of whom loaned us fishing equipment and told us where to fish, and they said the 3-day permit was what to buy.

On Saturday, July 9, my husband and Dad [who was visiting us] went into Burnsville to a store in the shopping center and asked for the necessary license and was sold the 3-day permit. They were given no book of rules and regulations with the license.

Feeling confident that they had the necessary license they went fishing. They had been fishing for approximately 1/4 hour and had caught nothing when the Game Warden arrived. He asked for their license and they gave them to him. He informed them that they needed a Trout Stamp, [even though the river was not marked anywhere that it was trout waters] and he arrested them. Neither of them had ever been arrested before. They had to follow him into Burnsville and go before a magistrate who fined them \$27.00 each. He told them they could go to court, but it did not meet until July 21 and our vacation ended July 18.

We are a young couple with two small children. We had worked and saved all year just to spend one week in your beautiful mountains. We had carefully budgeted our money, thinking the license would be \$5.50. The unexpected \$27.00 fine plus the \$6.75 for the trout stamp was more than we could afford. This took the money we would have spent on seeing the great attractions in your area. We were so disappointed we came home right away, not even staying out the week.

I appeal to you for justice. I don't feel they should have been fined for a totally innocent mistake. If they had been trying to get away without a license they would not have paid \$5.50 for a permit nor would they have parked a car with Florida license plates in full view of the road.

The people we met in Yancey County were the friendliest we have ever met and I just don't believe you will tolerate such injustice.

Thank you for this opportunity to express our feelings.
Mr. and Mrs. Robert Bryant

Burnsville, N.C. Tel. 682-2146

Control of shower room fungus

In most cases I recommend Tinactin (cream, solution, or powder). Other potent products are also available in the Pharmacy to soothe athlete's foot and jock itch. So, if itching, peeling, cracking of the skin, burning and stinging symptoms drive you mad, ask your personal Pharmacist for an appropriate remedy.

The locker room is not only the meeting place for football players, ready now to begin Fall practice, but also for fungi that cause athlete's foot and jock itch.

Such skin infection, though certainly not dangerous, is nonetheless bothersome to the sports-active. Fungi breed readily in warm, moist, dark, confined spaces (including shoes and underclothing).

Dear Editor:
Would you please print this open letter to CETA Participants and Yancey County citizens....Some voters now find themselves waking up to shocking situations in local government. When human beings cannot be placed above politics, it creates a power-crazed monster. The Board of County Commissioners make claim of being fair and just, when in fact they do not even consider the non-discrimination and Equal Employment Opportunity clauses in their own contract with OET.

In order to even be eligible for CETA funds, the county must have an Affirmative Action Plan and sign legal Administrative Issuances and Certifications assuring non-discrimination because of race, age, color, sex, religion, national origin, political affiliation, or handicap. All CETA program operators must adhere to these regulations or lose their contract. They never once considered the consequences when they gave me a notice of dismissal Monday, July 18, without a reason, except the fact that I am a registered Republican. Prior to this date, they hired another person and she was on the job site Tuesday, July 19.

This is a violation because all County positions should be advertised in the paper to allow all citizens an opportunity to apply. This discrimination will go on unless the citizens of the county take action. For these participants who may be the next victim of the political hatchet, just mail your complaint to Hearing Officer, OET, P.O. Box 1350, Raleigh, N.C. 27602 or call 919-733-4524 and ask for Doris Hall or Ed Smith to represent you in any case concerning equal rights and employment.

Bernice Norris

Dear Editor:
The majestic mountains, the picturesque streams and beautiful scenery--a delight to the aesthetic eye--appealed to us so strongly upon our initial visit to Yancey County. But an additional powerful lure to this area was Music in the Mountains. With a background of music since childhood [my mother was an excellent pianist, whose close associations were with other musicians, who met frequently in my home and music was an integral part of our homelife]. In addition, I was constantly exposed to concerts and recitals. The determination to make our permanent home in this area was greatly influenced by the knowledge that I could continue to enjoy this phase of life, so necessary to my happiness.

The splendid musicians who participate in the Festival I have come to know personally through my interviews with them for the Yancey Journal and other regional newspapers, and found them to be musicians with formidable career backgrounds, experience and reputations throughout America and abroad but also truly delightful people as well. They in turn welcomed the opportunity of meeting and occasionally mingling with local residents. We are privileged to have these musicians among us.

Music in the Mountains adds considerably to the glorious life in this area. To carry on, Music in the Mountains has vast financial obligations to meet. It needs the backing and support, including better attendance and wherever possible, financial contributions of all who wish it to continue to function and bring their high quality of music to our area.

This glorious countryside is enhanced by music; I know many others share my feelings.
