Adkins, visited Martinsville Saturday. movement to make relief work Greensboro; Mrs. Jim Cates, of Mrs. M. Kozlay and Charlie partially self supporting.

It has been pointed out that, due to the present plight of farming, many tenant houses over the county are vacant. The welfare board is seeking a practical means to cooperate with landlords both in the matter of getting these houses occupied and in giving to the occupying families some reasonable measure of relief and assistance to the end that these families may grow food crops for their own use and assist the landlord in growing another Semi-Trailer Tax Has crop upon such terms as may Been Reduced to \$2.00 be satisfactory under the circumstances to both landlord and tenant. Every precaution against abuse of its desire to of course. The board in all approved cases, will undertake to supply tenant families until come available for their use. All operation of the board should or tractors will still be licensed immediately communicate with as before. This act does not some member of the following named committee and supervisors:
