Business Picking Up

Cleveland, April 9 .- Increased purchasing of pig iron and scrap with consequent strengthening of the raw material price structure, was noted by the magazine Steel during the past week.

Chicago, April 9 .- A marked pickup in the trade for department stores, chain and independent groceries, restaurants, hotels, and other retail establishments, coincident with revival of the beer industry, was reported by the Chicago association of commerce in its weekly survey.

Peoria, Ill., April 9.—Orders to resume operations at the local plant of the U.S. Industrial Alcohol company April 15 to meet increased demands of the medical profession for grain alcohol were issued today. The plant will employ 60 men and will grind about 5,000 bushels of corn daily.

St. Louis, April 9 .- Nugents Department store, one of the largest in the city, which has been closed under receivership for two weeks with be reopened tomorrow by a syndicate of local merchants who have purchased its stock of

Chicago, April 9.—The Prima Brewing company, one of the largest in Chicago, announced plans to increase its bottling capacity 50 per cent effective tomorrow when installation of a new unit will be completed. The brewery is on a 24-hour day basis including Sunday and the schedule will be maintained indefinitely, the announcement said.

Owosso, Mich., April 9 .- The local plant of the Michigan Sugar company, idle for five years, will be rehabilitated and placed in operation this season, according to W. H. Wallace, chairman of the board who said remodeling work will start at once.

Baltimore, April 9.-Louis Miller, vice president of the Kelly Springfield Tire company, said the company's plant at Cumberland, Md., has increased operations to four days a week, against two days heretofore.
