CAMPAIGN

FACTS

TIME IS GROWING SHORT.. WIN OR?

With the time growing ever shorter for the big announcement of the Campaign winners no doubt every worker who hopes to be among the better prize winners fully realizes that a lot depends on just how hard they work and what results they obtain. There is no time to lose if you are planning to be a big award winner. That FREE million votes to be won by Saturday of this week can play an important part in the size award you will win. Win a MILLION FREE VOTES and win one of the larger awards.

SOMETHING TO THINK ABOUT

Here is something for the workers and best vote-getters in The Cherokee Scout "Campaign of Progress" to give some serious thought to and make some real calculations. There is a great difference in the value of the big awards and the smaller ones and it is always very possible for some good workers who have been striving for the bigger awards to slacken their effort at this crucial stage of the campaign and lose the great values which they might have won had they kept diligently at work until the finish line is reached. There is a \$2,025 value difference between the First Award and the Second Award. There is a \$2,275 value difference between the first and third award. Candidates should realize that this difference can be gained or lost in the last weeks of the campaign.

THINK-FIGURE-ACT
MANY RURAL SUBSCRIPTIONS STILL AVAILABLE

There are still many, many sections of the county yet to be covered, and many many subscriptions to be taken. Workers should by all means see that no part of the county in which they can possibly get to is passed up. Workers should work in each others territory, in this way it will be more thoroughly covered, you many sell where others could not and they may sell where you could not. Any of the workers who will follow this plan will possibly be agreeably surprised at the increase in their sales. Try it for yourself and see.

IF YOU PLAN TO WIN BIG AWARDS

The three 1,000,000 Prize Vote Ballots which will be won by the end of this present week will pay a very definite part in the winning of the three major awards offered in The Scout Campaign of Progress.

WE urge those who have hopes of being a big award winner to lose no time this present week as these extra votes will apply directly on the winning of the better awards.

SUBSCRIBE-RENEW BEFORE JULY 7th

Subscribe or renew NOW and have The Cherokee Scout coming to you for several years in the future at the present low rates.

Friends and boosters of the Campaign workers who plan to give a subscription or Re-sale to their favorite candidates should by all means give it this week before Saturday, June 30th, for more votes to apply on winning a million free votes and on winning the 1962 Dodge Dart Sedan.
