SECOND CLASS POSTAGE PAID

Student Stabs Unaka **Principal**

Moore, 25, principal at the three-teacher Unaka Elementary School, was stabbed Tuesday afternoon by a 15-year-old pupil during a play-ground period.

Moore, while supervising the recreation period, was kneeling down and talking to some other students when he felt something hit him on the back of the neck, He immediately stood up, looked around, and saw the student running across the playground into the woods. Then one of the students with whom he'd been talking said, "Mr. Moore, you've got a knife sticking in the back of your neck."

A neighbor, Charles Bates, Jr., who lives across from the school, broughtMr. Moore to a local hospital where he was treated and is now under observation. The knife wound penetrated two inches into the principal's neck.
It is believed the boy, age

15 and in the fiftif grade, was angry at the principal because he had punished his younger brother earlier in the

An investigation is being conducted by Sheriff Claude Anderson and Mrs. Johnsie Nunn of the Cherokee County Welfare Department,

Red Cross To Meet Friday

MURPHY - The American Red Cross will meet on Friday, Feb. 8, at 7:30 p.m. at Murphy Power Board

Bilding.
Miss Ruth Lockman, field representative from Asheville and Mr. Hobart McKeever, chairman of the Blood Pro-

TWO POINTS FOR MURPHY - Well, almostl - The score was 51-50 with only seconds remaining. Wayne Watson, No. 5, stole the ball from the winning Hayesville Yellow Jackets and raced for the lay-up shot pictured above. The ball broke through the net but the field goal was ruled no good by an official who detected double dribbling by the over anxious Murphy player, Final score, Hayesville 51 - Murphy 50, (Scout Photo)

- Ralph Graves, Surety. There being no further business at this time, the meeting adjourned.

Murphy, County Units **Award Contracts For New School Buildings**

cepted and general contracts were let by the Murphy and the Cherokee County School Boards Monday afternoon, Feb. 4, for new school buildings and school improve -

ment projects in both systems.
In the Murphy system, the general contract was let for elementary classrooms, two new high school class -rooms, and two lunchrooms, one for the elementary school and the other for the high school, and one high school home economics building.

General contractors are Smith and Jones Construction Co., of Atlanta, Ga., and Murphy, John Smith, partner in the construction firm, resides with his family on Petrie Street in Murphy. The contracts are being drawn up and are expected to be signed within the week.

According to Mr. Smith, the construction period allowed in the contract will be eight months, Construction will begin as soon as weather permits and is expected to be completed by early fall.

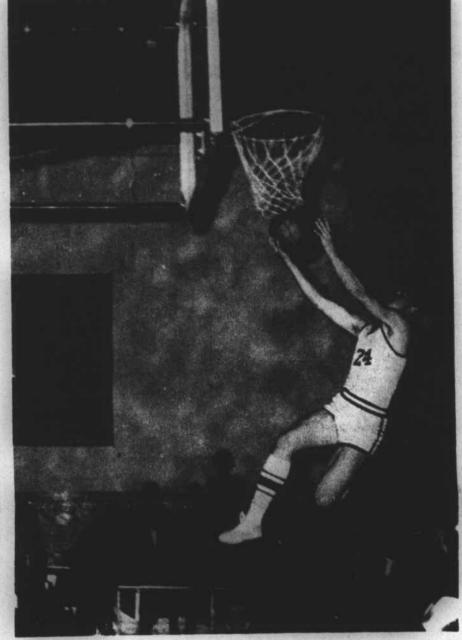

The plumbing and heating contracts went to Plemmons of Waynesville and the eleccontracts went to Hughes Electric Shop of Mur-

of the \$500,000 bond issue voted in May to all schools in the county, \$200,000 went to Murphy schools, and \$67,000 collected from insurance in an elementary school fire

an elementary school fire several years ago made up most of the rest of the \$268,000 cost of the project. The county school board accepted hids for three new buildings; a cafeteria and kitchen for Hiwassee Dam School, gym-torium for White Church School, and a gymtorium for Ranger School, The building program at White Church School was expanded when it was noted that funds when it was noted that funds would be available to build a gym - torium rather than a multi-purpose room as ordi-narily scheduled.

Smith and Jones Construction Co, were general contractors, plumbing and heating contracts went to Plemmons of Waynesville and electrical Electrical Shop, a total of \$95,000, which is from \$95,000, which is from \$100,000 to county schools in the May bond issue. The other \$200,000 went to Andrews Schools where construction has been underway for several months.

Classroom equipment for Murphy schools will come from other sources since the bond money has been used for buildings.

HIWASSEE DAM EAGLE SOARS - Hiwassee Dam's Bill Helton scores on a running lay up after intercepting the ball from the Andrews Wildcats at Andrews Friday, Feb. 1. The Wildcats avenged an earlier defeat at the hands of the Eagles, routing the Hiwassee Dam team 76-43. (Photo by Jack Ware)

Weaver, Manager, Insurance Department, Murphy office, MINISTERS BACK TRAINING

SCHOOL FOR AREA

MURPHY - Tri - County ministers voted Tuesday at their February meeting to support establishment of a school for vocational train-ing in the area under the provisions of the Area Re-

development Act,
Action followed the presentation by Mrs, Virginia
Scroggs of the North Carolina Employment Security
Commission of employment
problems of the tri - county

problems of the tri - county area.

She pointed out that during the last decade, population of Cherokee County declined more than 10 per cent due to lack of work in the area. Training of farmers and also of other workers, including waitresses and other service personnel, were aids at bettering conditions, she pointed out.

Farmer Gets 3,200 Pounds Tobacco Per Acre Doing all these things, plus "Heavy fertilization was

By James M. Stewart ension Chairman Cherokee County

MURPHY - Milt English of the Peachtree Community produced one of the top tobacco yields in the county with 3200 pounds of tobacco per acre . No single thing contributed to this high yield. English used all the things he knew to use and coupled this with good management to obtain 1920 pounds on ,6 tenth of an acre.

English says, "I started with a tobacco variety which was wild fire resistant, Burley 21, My mbacco beds are usually seeded in late Febr-uary and early March, Last year we had plenty of good plants. These plants were set early in land which was prepared well enough to get the tobacco plants down into the ground, not just on top of the

important, too, I used chicken litter, plus 1200 pounds of 8-8-8, 200 pounds ammonium nitrate and 100 pounds of potash on the .6 of an acre. All 1200 pounds of 8-8-8 was placed deep in the row and mixed with a plow before planting. "Each year my tobacco

field is rotated, with corn usually following tobacco, Rotation seems to help control some of the tobacco diseases and insects. Some people ask how my tobacco takes off so fast. I feel it is because the insects are controlled with the 10 per cent DDT which I use during the first few weeks of setting. One of the things which will help is to dust the plants in the bed just before pulling.

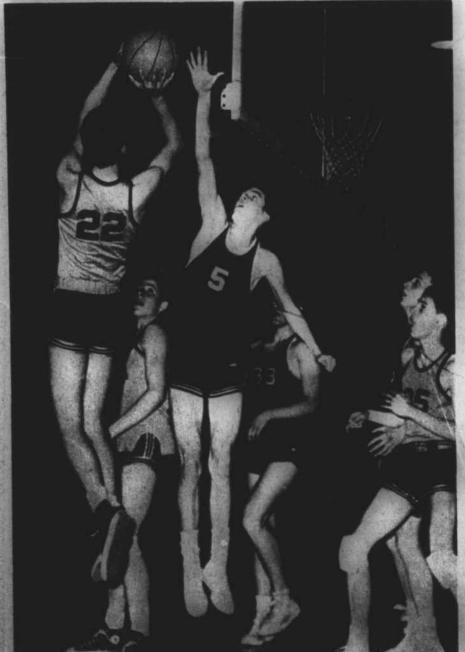

"Last year I bud topped my tobacco and hand suckered three times,"

a good preparation of tobacco for market, paid off for Mr. English. He sold over 1200 pounds for 71 cents per pound and other grades brought 65 and 57 cents per pound,

Locally Made Woodenware Featured On Cover

MURPHY - A fine piece of woodenware made in Murphy was featured on the front cover of the January 1963 issue of HOUSE BEAUTIFUL magazine. A wooden compote, containing fresh fruit, was used as the centerpiece of the table setting used on the cover.

The avacado green compose was made by Margaret's Studio, Inc., of Murphy.

HAYESVILLE'S Bill Grey, No. 22, attempts to shoot. Murphy's Wayne Watson, No. 5, de-nds. The other players watch with open mouths. The field goal was good. (Scout Photo)
