Day's Nail Up GOLD MEDALLION Award

The Tom Day Home Receives Hallmark Of Quality Award

HAYESVILLE - Town or country, you can now have a home that fills all needs for modern living. It's the Gold Medallion Home and can be yours in any style and in any price range. The Tom Day home on the Fires Creek Road near Hayesville, is a country home of quality.

What gives the Gold Medallion Home its difference from other homes is its built-in qualities --- qualities that make it stay up-to-date longer, that makes it more livable.

The Days' Gold Medallion Home has electric heating. Electric heating is clean and efficient. It requires no work or attention --- you set your thermostat and forget it. It gives your home new value, new comfort, and new convenience.

The Days' Gold Medallion Home has adequate wiring. Adequate wiring in your Gold Medallion Home keeps your electric appliances and equipment working at top performance. It gives you the convenience outlets and the switches that you need to make full use of your electric equipment at all times. Its reserve capacity permits you to look to the future for still further use of electric equipment for comfort, for convenience, and for saving work.

The Days' Gold Medallion Home has good lighting. Lighting in the Gold Medallion Home is adequate for all after-dark seeing tasks. It creates a pleasant atmosphere and makes the home more attractive.

The Days' Gold Medallion Home has electric appliances. Efficiency counts in the home just as much as in other working areas. The electric appliances in the Gold Medallion Home assure you of more productive and pleasant work in running your home.

Basic appliances in all Gold Medallion Homes are the electric range, refrigerator, and water heater, plus one other major electric appliance. To these, you'll add other electrical appliances and devices to assure your family a comfortable, pleasant, modern home.

Your Gold Medallion Home may be new, designed to meet the gold medallion standards. Or you may remodel your present home to meet the standards. Your local power supplier, Blue Ridge Electric Association, Young Harris, Ga., is among the national sponsors of the Gold Medallion Home program and will be glad to assist you, without charge, in meeting these standards.

Old Men's Club Is Organized

MURPHY - The members of the "Old Men's Organization" met at the Courthouse on April 27, 1963. Those present were: Gail A. Anderson, Murphy, J. M. Verner, Rt. 4, Murphy; O. C. Payne, Murphy, Suit Rural Station; J. B. Baine, Farmer, Tenn.; V. L. Willson, Murphy; Paul Martin, Rt. 2, Murphy; H. A. Barton, Rt. 1, Murphy; N. T. Penland, Rt. 2, Murphy; George Chastain, Rt. 2, Murphy; W. A. Boyd, Rt. 1, Murphy; J. E. Graves, Rt. 3, Murphy; R. M. Moore, Rt. 1, Murphy; Homer Ricks, 10-Sunset Drive, Murphy.

Motion was made and duly seconded that a Finance Committee be elected. Those elected are as follows: V. L. Wilson, H. A. Barton, and J. M. Verner.

J. M. Verner was appointed chairman of the Finance Committee. A collection was taken which amounted to \$16.70 --- which will be used toward the prospective reunion.

The next meeting was scheduled for Saturday, May 18.

Motion was then made and seconded and approved to invite wives of all the old men attending meetings. Plans were made for future meetings.

There being no further business at this time, the meeting adjourned.

Cherokee Scout & Clay County Progress, Thu., May 16, 1963

Clay Native Dies

MIDDLETOWN TWP, New Jersey - Mrs. Viola Rupp Myer, 69, of Hayesville, N. C., died Wednesday morning, May 8, at the home of her daughter, Mrs. Edward L. Harburn, 72 Apple Farm Rd., Apple Farm Village, with whom she had been visiting the past three months. Mrs. Myer was born in Pennsylvania, a daughter of the late Abram and Lydie A. McCloud Rupp, and had formerly lived in Normandy Beach, N. J., and Nutley, N. J. She was a member of the Episcopal Chapel of the Good Shepherd, Hayesville. Her late husband, Richard W. Myer, died in 1946.

Besides her daughters, she is survived by a grandson, Richard L. Harburn; and a sister, Mrs. C. P. Hackman, of Elizabethtown, Pa.

Services were held Friday, May 10, 1963, at 2 p.m. at the East Ridgeway Cemetery, Delawanna, N. J., with the Rev. Fredrick McQuade, rector of Christ Episcopal Church, Middletown, N. J., officiating.

INSURANCE TIPS from HYDE AGENCY

SPRING CLEAN-UP GOOD TIME TO ELIMINATE FIRE HAZARDS

Spring, traditionally, has been the time of year to rid your home of fire hazards by removing trash, making repairs and continuing regular checkups of electrical equipment and appliances.

It's not difficult --- just start in the attic and work your way down to the basement. The National Board of Fire Underwriters suggests: Throw out those stacks of old magazines and newspapers and the broken chairs and other brick-a-brack you've been keeping in attic or basement for years.

In the bedrooms, check the cords of bedside lamps or radios and replace them if they are worn. Be sure they do not run under rugs or over hooks.

In the kitchen, be certain you haven't allowed grease to collect in the broiler or oven. Examine the appliances and their cords; if repairs are needed, call an expert. Don't pull all appliances on one electrical circuit and don't overload a single outlet. Check curtains to make sure they do not blow across the flames on the stove. Be sure the children can't reach the kitchen matches.

In the living room, locate the television set so that it has proper ventilation. The set can generate enough heat to cause a fire.

Too many basements are nothing more than hatcheries for hazards. Every home - owner paints and most of them save the paint they don't use. If you are a paint saver, make sure the cans are tightly covered and stored away from the heating unit. Under no conditions should you save old paint rags. Get rid of them. And don't forget to clean out the garage. It can become a catch-all for old, useless materials.

This column will be glad to answer questions you may have about property and casualty insurance. Send them to Hyde Insurance Agency, Murphy, North Carolina.

THE GOLD MEDALLION HOME

..better living for your family

Electric Appliances

To qualify for Gold Medallion, your home must contain modern electric appliances. Included must be an electric water heater, range, refrigerator and at least one other electric appliance. If a heat pump is installed, it can count as the additional major electric appliance.

Light for Living

There must be adequate lighting throughout your home for every seeing task. The minimum requirements for lighting are the "Light for Living Standards" as established by the American Home Lighting Institute.

Adequate Wiring

There must be enough wiring for economical operation of present appliances and lighting --- and for future needs. Wiring must meet the minimum requirements of the National Electric Code, local codes and the Residential Wiring Handbook of the National Wiring Bureau.

Electric Heat

To earn a Gold Medallion, your home must be heated electrically. Any type of electric heat may be used, including the year-round heat pump.

FREE PLANNING SERVICE

We'll work with you, your architect, builder and contractor in planning electric heating, wiring for full housepower, and Light for Living for your Gold Medallion home. CALL US FOR THIS SERVICE---IT'S FREE FOR THE ASKING.
