Don't Want To Work, Let's Hope Not

Either the Murphy - Cherokee County area does not have enough people to work in a plant that requires 500 workers, or the people in this area do not want or need work.

This last thought has caused some questions to come into the minds of the men who are trying to bring a new industry to the Murphy area.

Some Cherokee County people have refused to fill out the Labor Survey forms being circulated by the Murphy Chamber of Commerce.

All in the world that the Murphy Chamber of Commerce wants to know is "If you would take a job if a new industrial plant is located in the Murphy - Cherokee County area?" The key word is "IF." This is a small word, but carries a lot of weight.

Nowhere does the form say you must take a job, all it asks is would you take a job if the industrial plant comes and of course, if it suits you.

The only way this information can be gathered is for the people of Murphy and the surrounding area to fill out one of the Labor Survey forms. These forms will be available on the square in Murphy Friday and Saturday, at Murphy grocery stores, any Citizens Bank and Trust Co. office, and any Post Office in Cherokee County.

If you have one of the forms at home now, fill it out today, it won't cost you a cent and you will be playing a big part in helping to bring a new industry to your area. Fill out a form for yourself, your children that are working in Atlanta, Ohio, out west, Gastonia, etc. Fill out one for any other of your relatives not living here but would like to come back home and work IF THEY COULD FIND A JOB HERE.

Want A Job?

MURPHY - Labor survey questionnaires have been sent out by the Murphy Chamber of Commerce in order to secure applications for jobs in the Murphy - Cherokee County area.

One of these applications appears on page 2 of this issue of The Scout. Anyone, including former residents living elsewhere, interested in securing a job when the opportunity arises is requested to fill out the form and return it before the deadline on Saturday, June 29.

Scrapbooks Willed To Library

MURPHY - In the will of Mrs. C. W. Savage, prominent Murphy business woman and civic leader, who died May 19, her scrapbooks of newspaper clippings was left to Murphy Public Library.

Hundreds of news items clipped from the Asheville Citizen and Times for which Mrs. Savage corresponded for around thirty years, are found in the two scrapbooks with others not pasted in.

Among the items in an article in The Citizen during September 1931, concerning the spelling of the name of Murphy, whether the prevailing spelling should be followed or since the town was named for Archibald D. Murphy, prominent North Carolina jurist and founder of the state's public schools, with an "e" inserted.

Miss Josephine Heighway, librarian, pleased at the acquisition of the scrapbooks, suggests inclusion of such items in one's will as a bequest to the library is a good example to follow.
