BEER IS A NATURAL

From nature's light grain comes sparkling, light beer... North Carolina's traditional beverage of moderation—it's light, sparkling, delicious. And naturally, the Brewing Industry in North Carolina is proud of the more than ten million tax dollars it contributes to the State of North Carolina each year—money that helps support our schools, our hospitals and our parks. In North Carolina, beer belongs, enjoy it.

your electric rates are among the nation's
LOWEST!
LESS THAN
1¢ a KWH

That's the new low average cost for electricity in homes here. Did you realize this? It's true! Your cost for a kilowatt-hour is far under the national average. (The national average is about 2.4¢ a KWH.) Even though it costs more nowadays to deliver electricity to you, your rates have never been raised. Your average cost continues to drop. How is this possible? Because of your increased use of electricity to do so many jobs, and the efficient management of your system. Today... tomorrow, electricity is the biggest bargain in your budget by far.
