County's two-term represen-"Bull" tative, Herman H. West, provided the biggest surprise of the current political season thus far when he agreed here last Friday to enter the race as Republican candidate for the State Senate from the 36th District. The announcement of his

candidacy was made by GOP candidate for Governor of North Carolina, Robert L. Gavin, who was in Murphy Friday night for a rally at the county courthouse.

Mr. West served in the

North Carolina House of Representatives from Cherokee County in the 1961 and 1963 General Assemblies.

In this year's senatorial race he will oppose incumbent Senator W. Frank Forsyth of Murphy. The 36th District was enlarged by the last legislature to include six counties - Cherokee, Clay, Graham, Jackson, Macon, and Swain.

In the race for the 36th District Senate seat Mr. West replaces James L. Nipper who was the GOP candidate until he recently moved out of the state and was thus disqualified to

With his entry into the race coming slightly more than two weeks before the November 3 election date, Mr. West must run for the Senate seat without his name on the ballot.

Ballots were printed several weeks ago, and Mr. Nip-per's name was listed as the candidate. To cast a ballot for Mr. West, voters will have to mark their tickets for Mr.

On Tuesday of this week, the State Board of Elections certified Mr. West's candidacy and Elections Board chairman, William Joslin of Raleigh, said that Mr. West could legally run for the Senate seat in place of Mr. Nipper. The State Elections Board Chairman said he would notify local elections boards chairmen in the six county district of Mr. West's candidacy.

Mr. West's candidacy became official after Eleventh notified the State Elections Board that Mr. Nipper had submitted a letter of resignation as candidate, and that the District Senatorial Committee had completed and signed a statement approving Mr. West as the candidate to replace Mr. Nipper.

Mr. West's first public appearance following his announcement as a candidate was at a Republican dinner at Nantahala Inn in Swain County Monday night. "Just call me Nipper West," he told the

cheering crowd at the dinner. He explained that his name would not be on the ballot and that "a vote for Nipper is a vote for West."

The throng of Republicans packed in the courthouse here last Friday night cheered long and loud when Bob Gavin told them "Bull West has agreed to run for the Stat Senate. He is a fine Republican, typical of all your candidates, and he is certain to be elected. I am happy to be on the ticket with

Gavin drew rounds of applause at the meeting here Friday during his speech which included an outline of his plans for a Jobs Development Commission. He said that this state is now exporting its most precious com modity - "it's gifted young men and women.

The GOP candidate for Govper." ernor said that the Mountains are classified as a poverty stricken area by both the state and federal government.

"This area of poverty is simply a lack of opportunity. It is difficult to make a living here," he added. He said that if he is elected governor the Jobs Development Commission will work to obtain more jobs and higher paying jobs in WNC and all of North Carolina.

He condemned the Democratic administration for sel- lowed Evening' for many ling N. C.'s labor as cheap children here in Murphy when

On the next play the Bulldogs fumbled and Jackson picked it up and from there to the goal line not a single Bulldog placed a hand on him and it was another six points Wachacha ran for the extra point with only one minute and forty three seconds remaining in the first half.

In the remaining seconds, Murphy picked up a first down and were forced to kick on the next series. Waymon's kick was good for seventy yards and the ball was dead at the Robbinsville 2 yard line and that was the end of the second half.

The Robbinsville Black Knights returned for the second half all fired up and seemed to smell a victory in the air. They picked up three first downs with Trost, Phillips, and Wachacha dri-ving hard. With fourth and three and on the Bulldogs 10 yard line, a pass from Wiggins was incomplete in the end zone and Bulldogs took over on the Bulldogs 10..lt was short lived as on the first play a pitchout to Cole was mishandled and Robbinsville took over on the ten. Two plays later Wachacha bulled his way over for the score. Wachacha kicked the extra point making it Robbinsville 20, Murphy 6.

From here on out the Bulldogs never seemed to recover and victory was out of reach. Wachacha's kick carried to the Bulldog 20 yard line and lay on the ground until a Black on the ground until a Black Knigh came along and fell on it. Three plays later a pass from Wiggins to Morris Rogers was good for another six points. Wachacha again added the extra point and that was the scoring for the night with Robbinsville on top 27 to 6. The entire Robbinsville team played heads up football and deserved to win. For

Murphy once again good punting by Waymon got the Bulldogs out of trouble several times. His longest kick of the night carrying for seventy yards. This victory for Robbinsville gives them a record of six and one. Their only defeat coming at the hands of the Andrews Wildcats in a very close game earlier in the season.

This Friday night, the top attraction in football for Western North Carolina will take place in Andrews when the Black Knights will be trying to avenge their defeat at the hands of the Wildcats earlier. The Wildcats are undefeated in eight games and are ranked third with Robbinsville ranked fourth. Other games in the area include Murphy traveling to Swain, Winder-Barrow at West Fannin, and Union County at Cop-per Basin, Hayesville has an open date this weekend.

### **Murphy Needs Your Blood**

By: Red ochu, ler

MURPHY - The Bloodmobile will be here in Murphy Monday, October 26, at the Power Board Building.

There is very little we can tell you about the blood bank that you don't already know. I am sure that you know of the importance of keeping the blood bank on a sound basis.

One of the world's greatest discoveries was how to tranfuse blood from one human to save the life of another. Because of this discovery thousands of people are alive today; many are laughing children, happy young mothers, with many others surviving horrible accidents and major operations.

Because of this discovery medical science has been able to explore whole new areas of lifesaving, such as open heart surgery, and to deve-lop dozens of new treatments to combat and cure many types of hitherto fatal diseases.

Human blood is certainly "a miracle of nature" and has become one of the great healing medicines of modern

Because you have given freely of your blood in the past and will continue to give freely of a substance of your body given freely to you by the Almighty, certainly you should be grateful enough to share it with someone less fortunate than you. In less than twenty-four hours after giving a pint of blood, that blood will be built back up

to normal. If you are one who needs a lot of persuasion, why not look at it this way? You are not actually giving your blood. You are just loaning it to someone for a day. You will have it back twenty-four hours

If everyone you know is an enemy and you are afraid that he will get your blood, don't show up at the bloodmobile when it gets here, but on the other hand if you have loved ones, neighbors, or friends, you will be expected to come to the Power Board Building in Murphy Monday, October 26, between the hours of 1:00 and 6:00

As a rule, its usually the same ones that give blood each time which is very good, but wouldn't it be real nice if a lot of new faces showed up Monday.

Whether yours be a new face of an old one, please let's go above the quota this Mon-day, October 26.

The accident rate in North Carolina has increased at an alarming rate - for the past several months, and the trend is still upward, according to State Highway Patrol records.

This emergency necessitates positive action on the part of every citizen to do everything within their means to break this trend.

### Area Tomato Market **Depends Upon Farmers**

MURPHY - For years residents of Cherokee County have expressed an interest in having a vegetable market in the area. There is an opportunity for this to become a reality now if proper action is taken by farmers in the area.

Producers of vine ripe tomatoes in the area has reached the point, with some expansion of acreage in 1965, that local packing facilities could be established. Some independent packers of tomatoes are interested in locating in the area but they must have the assurance of 80 -100 acres of trellised toma-Providing facilities for

rews area, a meeting is being

held in the Vocational Agri cultural Building Thursday, Oct. 22, at 7:30 p.m.

For farmers in the Murphy area, a meeting is being scheduled in the Murphy Power Board Building Monday, Oct. 26, at 7:30 p.m.

Farmers will be asked if they are willing to grow tomatoes if a local marketing facility is available next year.

A number of growers in Cherokee County this year were able to net better than \$2,000 per acre from their crop and in some cases total sales of tomatoes, after the growing charges, went as high as \$4,000 per acre.
