CC Sets Polls For
Tobacco Votes

By: June C. Waldroup, Manager, Clay County ASCS Office.

HAYESVILLE - Polling places for the February 25 referendum on marketing quotas for the next three crops of burley tobacco have been designated by the Clay County Agricultural Stabilization and Conservation Committee as follows: Kenneth Caldwell's Store, Max Chamber's Store, ASCS Office, Clifton Penland's Store, and B. H. Phillips Store.

The polls will be open from 7:00 a.m. to 7:00 p.m.

Committee Chairman Ernest G. Smith points out that notices of farm acreage allotments have been mailed to all burley tobacco farm operators so that they may know what their 1965 allotments are in advance of the referendum. Under a quota program, the allotments are announced annually, for one year at a time.

If at least two-thirds of the growers voting in the referendum vote YES, quotas and allotments will be approved for the 1965, 1966, and 1967 crops of burley tobacco. Penalties for marketing excess tobacco will also be in effect, and price support will be available to growers who do not exceed their farm allotments.

If marketing quotas are not approved, that is, if more than one-third of those voting vote NO, there will be no quotas or penalties, and no price support on the 1965 crop of burley tobacco. In that event, another referendum would be held next year on quotas for the following three crops.

Chairman Smith urges all burley tobacco growers to vote on this important question.
