Clay County Farm News
By: June C. Waldroup, Mgr. Clay ASCS County Office.

attention tobacco growers:-- Have you voted? Today, Thursday, February 25, is the day. Polls will be open from 7:00 a.m. to 7:00 p.m. at the following places: Kenneth Caldwell's Store, Max Chambers' Store, ASCS Office, Clifton Penland's Store and B. H. Phillips' Store.

Do not let the day pass without having your say in what the future will bring for burley tobacco growers.

LIVESTOCK FARMERS, who are purchasing corn through the Livestock Feed Program at Wells' Mobile Milling in Murphy, should keep in mind that THURSDAYS is the only day in the week that the corn may be picked up.

This corn will be available to livestock owners who do not have adequate feed supply through April 30, 1965.

Applications may be filed in the ASCS office at any time. Approved corn may be paid for and your delivery order obtained any day.

Any farmer who has a stand of grass which he is going to completely reestablish due to severe damage caused by unfavorable weather conditions which existed throughout the 1964 growing season, should file his application for cost sharing under the Emergency ACP by March 5, 1965.

Several Special ACP projects are underway throughout the county. Others will be approved during this week. Approvals under this project are based on the conservation need of the farm and the financial status of the farmer. The intent is to help farmers who are making most of their livelihood from farming. Such farmers must show a need for assistance and a plan showing how this help will increase their income from farming.

HAYESVILLE- There will be an important meeting on vine-ripe tomatoes at 7:30 p.m. on Friday, February 26 in the Assembly Room of the county agent's office in Hayesville.

At his meeting we will bring the farmers up-to-date in regards to what has been done on market for this year and information on plant production will be discussed. Farmers will be given a guide line for the production of vine-ripe tomatoes and time will be allowed for farmers to ask questions.

Seed will be available for any farmer who wishes to obtain seed at this time.

We are looking forward to each farmer being present who wishes to produce tomatoes for sale.

There will be a production meeting on beef cattle and sheep in the Assembly Room of the County Agent's office at 1:00 p.m. on Tuesday, March 2.

To assist with this meeting we will have with us A. V. Allen from N. C. Extension service and H. Q. Quessenberry from N. C. Department of Agriculture. This meeting will be for the purpose of bringing farmers up-to-date on the livestock situation, management of beef cattle and sheep and the outlook for 1965 on each of these enterprises. Good health practices will be discussed for both of these livestock enterprises.

You are invited to attend this important meeting and bring someone with you.

Mrs. Kenneth Woodard will direct the study.

The District Ministers Retreat will be held at the Hinton Center beginning today at 2:30 p.m. It will close at noon, Friday.

The Laymen's Retreat will be held at the Hinton Center, March 12, 13, and 14. This is a spiritual opportunity for every layman of the church.

Letters To Editor

I wish to thank the Cherokee Scout for having a part in making my son's last days a little happier.

The article about him at Christmas time inspired him very much.

I had so many people comment on what a wonderful photographer you have. Then the picture announcing his death was reproduced so good -- much better than the Asheville paper.

I am enclosing an appreciation note which seems long, but is very short compared to all I could say to the people who have been so nice to Jerry.

Mrs. Louise Allison, Nantahala, N. C.
