All veterans, families and friends are invited at attend the rally which will be held Friday, Nov. 21 at 5:00 p.m. when the motorcade arrives in Murphy. The rally will be held in the Cherokee County Courthouse. So Clay and Cherokee County World War I Veterans should all get out for the rally. Will be a mighty good chance to run into old buddies.

Was talking to a bride to be recently and she had been practicing some cooking. Said she fried some chicken and it turned out real well. She then attempted to make gravy. Not using any measurments she said the gravy was too thick to stir and when she added enough milk to make it the right consistency, she had enough to feed a whole regiment. Seems that gravy is a universal dish. I heard one Clay County mother say since bacon had gone so high she had gone back to using good old mother oats and gravy for breakfast. Heard one of the court house employees (with a package of meat under his arm) say he was taking something home to flavor the gravy at his house. Well then I heard another man say "It takes a thousand gallons of gravy to produce one drop of blood and he had eaten so much gravy he had high blood pressure." Oh, well, just name gravy and you will get some interesting

When I look at the school buses picking up the children at the door and transporting them to the school house and then read the delicious, vitamin packed menus in the paper I just wonder if the children of today have the faintest idea of how fortunate they are. In my day of schooling the children in my family were more fortunate than many since we lived close enough to school to walk in just a few minutes and to run home for a hot lunch. Rainy nights meant company at our house. Friends and cousins who had to walk 2 to 4 miles stayed with those who lived close to the school. A lunch room was unheard of. Children carried victory over the freedom-lovtheir lunches in buckets or it was wrapped in the daily newsbegged) from the few people who took the paper. The children then would have felt real lucky to have had even graveled roads to walk on. They plodded through the mud, snow and ice. I paticularly remember four Garrett boys from Bell Creek Ga., that came to Elf School. They walked close to four miles every day in all kinds of weather. I know Keiffer, Unseld and Kress went on to college and never found out if Nobel did or not. If these men told their students about this now, they would probably think it was a fabricated story. Things have come a long way and with the road bond passing our model of travel will improve with every passing year.

Now that it's time to do fall cleaning some one might like to use a method I used this past spring in renewing some old lamps. I had two that looked old and ugly yet they were in perfect working condition. I went to the 5 & 10 Store and bought a new shade for one of them. It cost \$2.89. It was an off shade of white with a tiny edge of gold trim around the bottom. I took a news paper and cut some designs out, fastened it over the shade and used gold spray, being careful not to smear the design when I lifted the paper. I then sprayed the old lamp stand gold to match and it came out looking like a new lamp. The other lamp shade was good and was made of a heavy slick cardboard. It was dirty and faded looking. I got

> I heard one of Lidseen's employees say they really hated to see Mr. H. A. Gillstrom retire that he was just the nicest person and would be missed. For this employees information I talked to Mrs. Gillstrom and he has not actually retired according to her. Said she had never worked as hard in her life as she was to try to keep him working. Oh well, he may be off the pay roll, but just thought this employee might like to keep track of him. Clay gets some mighty nice people and this couple would certainly be included in the group.

******* Well, folks, I have rambled around a lot over Clay County in the past 7 years that I have gathered news for the Clay edition. This will be my last edition and I have enjoyed it. Many times it has not been easy to get news and there have been times that all the news that was sent to the Scout Office was not printed due to limited space, but all in all I hope that some where along the way I have made someones day a little brighter. Please do not send news to me or call me in the future concerning news items. Send them direct to the Scout Office, I have enjoyed working with the Scout personnel and hope things will continue to move forward in the future. So long. Mrs. Neal R. Kitchens
