Youth Services To Be Expanded

WASHINGTON, D. C. (Special) - Labor Secretary W. Willard Wirtz announced today that youth specialists will be assigned to North Carolina mobile teams now serving rural areas under the Smaller Communities Programs of the North Carolina Employment Security Commission. The youth specialists will work exclusively with youths under 22 in small towns and rural areas. Their job will be to determine the type of employment service needed by rural youth, to provide job placement, development and training to insure that the employment needs of such youth are being met.

The youth representatives will work with other members of the mobile teams and will have the support and co-operation of the North Carolina Employment Security Commission and Youth Opportunity Centers. Their functions are: Develop job opportunities, including summer and part-time work. Develop seasonal and agricul-

ASCS News

A very important decision is facing burley tobacco growers on March 10, 1966.

On this date growers voting in a referendum will decide whether to continue the present acreage program of go on to an acreage-poundage program.

Allotment notices mailed to growers today show their allotment which will be in effect if the present program is continued and the allotment and poundage quota which will be in effect if the acreage-poundage program is approved by more than two-thirds of growers voting.

Under the new program, 1966 acreage allotments are 6% larger than in 1965, and poundage quotas will provide protection against excessive marketing. On the other hand, 1966 allotments under the present program for farms not protected by the minimum provisions are 15% smaller than in 1965.

It is the responsibility of all ASC committeemen to understand the facts involved in the decision. The farmers in your community will be looking to you for this information.

Community committeemen will be asked to serve as referendum committeemen. A meeting of the committeemen will be scheduled in the near future. At this time we will discuss your responsibilities as referendum committeemen.

The feed grain sign up, now in progress, will continue through April 1, 1966.

CCC-owned corn is available to livestock owners having an inadequate feed supply.

The 1966 ACP sign up is in progress. Approvals for spring practices will be given through April 15th.

The sign up to take part in the Cropland Adjustment Program will continue until an announced closing date.

Clay County 4-H Corner

District 4-H Demonstration Day will be held this year on June 28th in Henderson County.

All 4-H club members have the opportunity to participate in the demonstration contest. The County Demonstration Day will be held sometime in May -- the date will be announced later. This is only about three months away. If you are interested in giving a demonstration, you should begin now to assemble material for it. There is quite a bit of material on 4-H demonstrations available at the County Extension Office. You can also get good material on demonstrations from various magazines and newspapers. Getting started is the most difficult job in giving a 4-H demonstration, so start now, don't wait and you will be out front.

The Annual Clay County 4-H Achievement Program will be held March 11 at the Hinton Rural Life Center, beginning at 7:30 p. m. Awards and Recognition will be given 4-H club members for their 4-H achievements in 4-H.

Everyone is invited to attend.
