Scout-Progress Plans **Boys Baseball Clinic**

By Red Schuyler

With the slow pitch league in full swing giving all those 16 years of age or older a chance to participate in a summer recreational program it appears that those under that age are left out.

It is our opinion that these, too, should be given some consideration and some means to be taken to insure that these young people participate in some sport during the summer

In the past we have had Little League and Babe Ruth League going but just after getting them off the ground and going, everything went poof. We have two fine baseball

parks in Murphy and it seems a shame that with these parks the kids between 10 and 15 do not have some kind of baseball program going for them. There are towns smaller than Murphy that don't even have one such playing field, but year in and year out they come up with Little League baseball teams.

Is it that we just don't care, or that we just haven't taken time to think about it, or we say let someone else do it? I prefer to think that it is just that we haven't taken time to think about it.

Each year the Cherokee Scout and Clay County Progress sends 15 boys to a camp in Ala. for two weeks at no expense to the boy. We don't like to toot our own horn and would prefer someone else doing it, but we can say that we know of no other organization, group, club or firm that does this in our area. We believe that our youth of today are our citizens of tomorrow. You are familiar with the saying "as the twig is bent so shall the limb grow." We further believe that

the early years plays an important part in later life.

In order to be of more service to our young people, the Scout and Progress will hold a baseball clinic starting Saturday. Any boy between the ages of 12 and 15 that would like to attend is asked to report to the Fairgrounds ball park at 3 p.m. If you have a ball, bat or anything that can be used, bring that too. We don't guarantee to make

major league players out of you but we believe we can teach you the fundamentals and rules of the game. Any adult interested in help-

with this clienic is also asked to be present.
