Barrett Wins Again At Tri-County For the 3rd Consecutive Saturday Night, Charles Barrett took home the most money from the Tri-County Raceway.

Barrett also has the distinction of being the only driver to win the feature race every time he has made an appearance at the track.

Barrett made his debut the 16th of September did an encore on the 23rd and repeated Saturday night. For his efforts, he has taken home \$450.00 for three nights work.

Merlin Ramsey and Dean Nix came in second and third for the second week in a row. In the first race of twenty five laps featuring the 11 slowest qualifying cars, Charles Lewis, Earl Jackson, and Jack Shuler were 1st, 2nd, and 3rd. H. C. Ford, Lawrence Beal and Kenny Rogers did likewise for the second race of twenty five laps in which the next slowest qualifiers

participated.

In the third race featuring the fastest of thirty three qualifiers, Roger Berrong, Nick Palmer and Mac Parker were, 1st, 2nd, and 3rd.

Even though the weather was a bit on the cold side quite a few racing fans turned out for the usual Saturday night racing program. Just before the Feature race started as the cars were on the last warmup lap before dropping the green flag, the entire lighting system went out. At first it was thought that a fuse on the transformer went out. Luckily there were several employees of the Blue Ridge Coop on hand for the races and after taking a fast trip to Young Harris to get a pole to reset the fuse, it was discovered that the transformer had gone out. The linemen radioed the Co-op's material yard and ordered a transformer to be delivered to the race track. After the transformer was replaced the feature race got underway about an hour and twenty five minutes late. Some of the fans left, but most stayed to see the feature race. Since the lights had to go out, it is fortunate that they went out just before the green flag was to drop. Had the cars been given the green flag and then gone out, it is no telling what might have happened. Promoters of the Raceway have announced that arrangements are underway to have the so called "Weaker Sex" stage a twenty five lap race October 14th. It will be designated a Powder Puff derby. As of now about fifteen "girls" have signed applications to enter. The management will try to secure cars for those that do not have access to a car and anyone, girls that is, that would like to enter, you may do so by contacting any of the officials of the raceway. It will consist of twenty five laps and will pay a purse of \$5,000, divided as follows, \$5,000 for 1st, \$2,500 for 2nd, and \$1,000 for 3rd positions. All "girls" that have already signed entry blanks and those that would like to enter are asked to meet with the officials for a short meeting before the races get under way this Saturday to determine what day or night they would like to have the track opened so that they might get in a few practice laps.
