Russ Addresses **Andrews Rotarians**

Highway Commissioner W. | lars has been spent on roads Curtis Russ told the Andrews Rotary Club last Tuesday he could not forsee when the eight miles of secondary road needed to complete an allweather road from Murphy to Tellico Plains, Tenn. could be constructed.

He said the General Assembly alloted \$108,900 for rural road construction in Cherokee County this year and the road would cost about \$750,000.

Russ said he was not opposed to the road if the money could be raised by some other means.

Russ said \$2.75 million dol-

College Courses Registration Set

Winter quarter registration for off-campus inservice college courses from Western Carolina University, cosponsored by Tri-County Tech, will be held at the Center at Peachtree tonight (Thurs-

day).
All students enrolled during the last quarter and new students desiring to enroll for the winter quarter should report to Tri County Tech no later than 6 p.m.

Andrews Wildcats-

won the Western Regional IA

Football Champsionship with a

34-7 victory over Tryon at

Gary Morgan and Ronnie

offensive fireworks while the

defensive line kept Tryon from scoring until the fourth period.

Morgan scored three touchdowns and passed for another while Bradley picked

up 169 yards in 15 tries, scored a touchdown, kicked a

42-yard field goal and added

one extra point.
The Wildcat defense held

Tryon to 83 yards rushing

and 18 yards passing and set

up three touchdowns by re-

play from scrimmage, Brad-

ley was stopped on the An-

drews 22 after receiving the

kickoff, Leslie McKinney moved to the 25 and Bradley

went around left end to the

31. He went through left guard and romped 69 yards for the touchdown and kicked

The next Wildcat drive was

stalled on the Andrews 48

and the drive continued. Mor-

gan scored from the four yard line to make it 13-0

at the end of the first period,

Kenny Anderson set up the only score of the second quar-

ter when he recovered another Greene fumble on the

the extra point.

Andrews scored on the third

covering Tigers fumbles.

Wildcats Win Class A Title

"Since Governor Moore authorized the use of VASCAR in North Carolina in mid-October", Colonel Charles Speed, Patrol commander said, "we have been issuing only warnings to motorists clocked over the legal limit with the instrument.

Colonel Speed noted that in cases where troopers could substantiate violations means other than VASCAR tickets have still been issued.

"However," the Patrolofficer said, "we will not issue speeding tickets solely on VASCAR evidence until December 1."

pects to spend \$7 million on roads in the county next year Governor Moore authorized He was accompanied to the use of the new device at the meeting by Division Engineer A.J. Hughes, the October 13th Law and Order Conference in Raleigh where he called for a crack and District Engineer Bob down on traffic law violators.

VASCAR is a mechanical computer about the size of a cigar box which is mounted in a Patrol car and can be operated by a trooper while on regular patrol.
The instrument measures

the time it takes a vehicle to travel a specific distance and automatically computes the speed of this vehicle-

"A trooper can check speeding violations for vehicles he meets, those All persons who now hold a standard and advanced card following, those in front and those crossing at intersectand who live in Cherokee, Clay ions, " Colonel Speed said. "We feel this device will now give the law enforcement officer the upper hand in dealing with chronic traffic law violators."

to 10 each evening through December 8 with Stuart Tabor Motorists, clocked over the egal limit by VASCAR, have Tabor is a filed represen-tative for the American Red been receiving and will con-tinue to receive from troopers a card explaining how VASCAR course will be recognized as operates. The card also asked for continued care in driving on the streets and highways. Motor Vehicles Co-

ing the classes should contact Tri County Tech at Peach-tree or Angel at Murphy 837mmissioner Ralph L. Howland has told the Patrol to "get tough" with the chronic and habitual traffic law violators. His special emphasis has been on the speeder and the drunk driver.

The drinking driver is also in for a jolt as the Patrol pursues a stricter policy of enforcement.

"We now have 70 Breathalyzer units available for use," Colonel Speed said. "These units will be located throughout the state and will allow any motorist arrested for driving under the influence an opportunity to take the test."

Major Edwin Guy, who heads the Patrol's enforcement division, points out there were 1102 DUI arrests during Oct-

Breathalyzer test, 207 re-

Container Shipping Helps Levi Strauss

Containerization is helping Levi Strauss & Co. further unbox the international apparel market.

The bulk, one-container shipping system--believed to be used exclusively in the garment industry by LeviStr-auss International, subsidiary of the pioneer California garment manufacturer-- has greatly reduced handling, freight, and insurance costs, helping the firm to keep its garments sold abroad in

a competitive price range, Every week, numerous shipments via huge steel containers, measuring 40x8x8 feet and holding from 20,000 to 25,000 garments each, embark by ship from major U. S. ports bound for foreign destinations such as London, Paris, Rome Antwerp, Frank-furt, Copenhagen, and Am-

Horace Cannon, manager of Levi's Murphy plant noted that the recently instituted system permist direct, one-container shipment from any one of Levi's 25 plants across the country to any of thefirm's world wide network of for-

houses,
"Annual savings from this method alone," Cannon reported, "will be in excess of \$100,000," A goodpart of this figure, he added is due to the 10% reduction in ocean freight charges allowed for containerized cargo.

After containers are loaded at Levi's plants, they are bond-sealed and consigned to the shipper, practically doing away with involved and

time consuming custom inspections later. Pilferage, too, has been entirely eliminated enroute and now the company no longer finds it necessary to carry expensive insurance policies to guard against this kind of loss, according to

Then, too, since the large, sturdy containers themselves become the protective covering during shipment, garments are now packaged in light-er-weight cartons sub-stantially reducing freight weight and expensive pack-

GOP Women **Meet Tonight**

The Cherokee County Re-publican Women will meet to-night (Thursday) at O'Dell's

Bill Bradley, Clay County Republican Chairman, is ex-pected to be the guest speak-er at the meeting.

School Board Meets Tonight

The Murphy School Board will meet tonight (Thursday) at 7:30 in the superintendent's office.

Upper Hiwassee Watershed Annual Meeting Scheduled

Upper Hiwassee Water-shed Development Association will be held next Thursday, December 7, at 7:30 p.m. in the Charles R. Clegg Fine Arts Center at Young Harris Col-

G. W. F. (Durch) Cavender, Assistant Administrator for Rural Development in the Far-mers Home Administration in Washington, will be the guest speaker.

The annual report will be presented and the Association nembers will elect new officers for the coming year. Musical entertainment is planned for the meeting and exhibits by local crafts-men from the five county area be on display in the

Association serves Cherokee and Clay Counties in North Carolina and Union, Towns and Fannin Counties in Georgia. Cavender was State Direc-

tor for the Farmers Home

Administration in Tennessee prior to accepting his present position in He received a Bachelor of Science degree in agriculture from the University of Tennessee in 1941 and Masters Degree from the same school in 1949.

Cavender was raised on farms in middle and west Tennessee and began his agriculture career in Henry and Carroll Counties, Tennessee. In 1942, he helped relocate farmers whose land was being secured by TVA for the Kentucky Dam Res-

ervior. From 1949 to 1953 he was Assistant Commissioner of Agriculture for the State of

His present duties include rural development guidance,

Charged With

Horace Quinton Hickey has been charged with breaking and entering and larceny in connection with the theft of four weapons from the home of J. D. Allen, Rt. 4, Murphy on September 29. Hickey was arrested last

by Clay County Sheriff Hartsell Moore.

Cherokee County Deputy Sheriff Robert Hartness said covered when Hickey was arrested.

He was brought to the Cherokee County Jail.

Post Office Has **Christmas Stamp**

Postmaster Joe Ray announced today that the 1967 Christmas stamp is now on sale at the Murphy Post Off-

ice. He said the 1967 stamp is larger than last year's Christ-mas edition and includes more of the "Madonna and Child

With Angels" painted in the 15th century by Hans Memling. Ray noted that use of the speical Christmas five cent stamp or any other five cent stamp on Christmas cards gives the cards first class treatment. This means the cards will be forwarded if the

Third class postage on cards does not provide that

warding address.

His department is in charge of the Rural Renewal Program that is presently underway in Cherokee, Clay and Graham Counties, including the homesite and recreation projects.

The Business and Industry Work Group of the Upper Hiwassee Watershed Development Association met last Tuesday, November 22, and decided to devote the group's efforts to three projects. The three are:

(1) Print and distribute 10,000 industrial leaflets listing the advantages offered by the five county area. (2) Compile and maintain, at a central location, indus-

trial information on each community in the five counties. (3) Assist the Human Resources Work Group in promoting an educational program that will meet the in-dustrial needs in the area. The objective would be to provide

local industry with students trained in the skills needed

Christmas Parade **Set For December 9**

The 1967 Murphy Christmas | Parade will be held on Saturday afternoon, December 9, at 3 p.m. It will be sponsored by the Murphy Chamber of Commerce and the Murphy Jaycees.

the theme of the parade, according to chairman Richard Haney, Haney said the Murphy High

School and Copper Basin High

"Peace On Earth" will be

and non-

commercial float enteries will | Beaver at 83/-3026.

Weapons Theft 24 Years Is Too Long

The federal government should proceed with all possible aste to build the transmountain road between Bryson haste to build the transn City and Townsend, Tennessee.

True the building of this road is a substitute for a promise made by the federal government to the people of Swain County, but that does not lessen its validity nor the need for In 1943, 24 years ago, an agreement was made between

the United States Department of the Interior, the State of North Carolina, and Swain County. The officials of Swain county have lived up to their part of the agreement by turning over to the federal government 44,000 acres of land for the Great Smoky Mountain National

The state of North Carolina has lived up to its part of the agreement by building a specific designated section of high-Only the federal government has failed to come up with its part of the agreement. Originally, their part of the agreement was to construct a road from Bryson City to Fontana Dam down the north side of Fontana lake. This has not

been done, but there has been a feeble start. Recently, in developing a master plan for the Smoky Mountain National Park, the park officials proposed that a transmountain road to be built from Bryson City to Townsend. In lieu of the Bryson City - Fontana Dam road.

Swain County officials accepted the substitute measure.

We feel that this is a good suggestion and that the transmountain road will mean more to the development of the area as a whole. However, now it appears that due to pressure by hiking

clubs and other naturalists groups, none of whom were a party to the agreement, the federal government is reluctant to meet their part of the agreement. An agreement was made between three parties, two parties to the agreement have met their commitments; now it is

up to the third party to come up with their part.

Since it will affect us all and we are all neighbors we should all lend a hand to see that neither the people of Swain County nor for that matter the government of the

State of North carolina get welched on. We urge that every chamber of commerce, every town board, every board of county commissioners and every civic club in the area west of the Balsams contact the Secretary of the Department of Interior and the Congressman for this district and let him know that we fell that this road should be built and the United States Government should recipient has moved or returned if there is no forlose no further time in keeping the promise it made to the

people of Swain County 24 years ago.

It is by woking together and helping each other in causes
like this that the people of this area can move forward.

JOHN PARRIS sutographed copies of his new book "Mountain Bred" in the WKRK studies last Wednesday. With the author are, from the left, Elmer Kilgore, Anna I ouise Palmer and John Jordan. (Photo by Sue Morrow)
