SCOUT EDITORIAL

Is It Worth It?

International Amounters of their far year, let's see how long it America. Union amon bers, at the avail take for an employee to regain be Magnavox plant in Andrews are still noses should these increases to on strike, walking the picket lines

Wednesday was the eighth day of the strike and as care day passe and it will take longer for there to for all concerned, the en ploxees the company and the constitution

Since we do not have the manpayroll figures of the a Sadientic paid. hypothetical figure and say that the average bourly rate per employee -

a five day work week. The figure is upto \$65,520.00 may for the eight day strike and if the strike continues through Fraday, the employees will have lost \$81,900 00 and the plant has lost two weeks of production.

Again hypothetically, IF the union demands a 45 cent per hour increase andustry

Ar employee earning \$70.00 per work will lose \$140 00 IF the strike striking employees lose more motory. Tast, for two weeks. If he gets at Lisent over hour increase that is an recoup their loses We wonder if is additional \$6.00 raise. Should the to weeks almost a year

or course, these figures do not reflect any compensation that the ament might pay the striking employees at Alagravix, let's take it, employees Rehable sources have fold is that some compensation by the grade will be made however thus far and herks have been received.

It is unfortunate that the employees are losing these wages and we wonder if the time lost is worth it \$8,190.00 per day or \$40,950.00 for the wish these differences could be settled without a walk out and a plant -hot down

Regardless, The Scout wishes for a gun k settlement of differences so that the employees, the plant and the con munity as a whole, will once again begin receiving the benefits of this at a trace see to be observed wants a control see that the see that
