SATURDAY, AUG. 16

RAIN OR SHINE

R. C. ENLOE DAIRY

Farm consisting of 254 acres, more or less, located 8 miles West of Franklin, N. C. on highway 64, main highway between Franklin and Hayesville, N. C.

This excellent farm has been subdivided into several lots and tracts, 2500 ft. of highway frontage and well watered. 75 acres of tractor land no better in Macon County. This farm suitable for dairy, beef or truck farming, also suitable for development for summer homes or Lodge, churches or other organizations, close to excellent fishing in Lakes nearby, wonderful fishing streams run thru property. Owner says 500,000 feet of fine saw timber, poplar and walnut included.

Two large barns, two tool sheds and other good farm buildings. One log cabin, one 460 gal. stainless steel milk tank.

Macon County is one of the most progressive Counties in Western North Carolina, well diversified, industries, farming, dairying, tourists and will have the largest airport West of Asheville, N. C. A new highway is to be constructed within one mile of this farm. Ideal for investment or development.

Property sold on easy terms, 25% cash balance 1-2-3-4 years at 6% interest. Cancel all engagements and attend this sale.

Sale conducted by:

WESTERN CAROLINA LAND AUCTION CO.

Lunch will be served by Ladies of the Church.

LEGAL NOTICE

The Town Board, at its regular board meeting on August 11, 1969, tentatively approved the following amendment to the sub-divisions subject to a public hearing which will be held September 8, 1969, at 7:30 p.m. at City Hall. Town of Murphy Cioe Moore, Mayor

elevations of streets in areas subject to flood. Fill may be used for streets provided such fill does not unduly increase flood heights. Drainage openings shall be designed so as not to restrict the flow of water and unduly increase flood heights.
9.4.4 Flood Free Building Site. Each lot in a subdivision shall contain a flood free building site outside the limits of any setback or easement lines that may be required by these regulations or any other applicable law or regulation. Except in floodways land may be filled to secure a flood free site provided that such fill will not restrict the flow of water and unduly increase flood heights, and further provided that any fill shall extend twenty-five (25) feet beyond the limits of any building erected thereon.

DRAFT RECOMMENDED FLOOD DAMAGE PREVENTION REQUIREMENTS FOR THE SUBDIVISION REGULATIONS OF THE TOWN OF MURPHY, NORTH CAROLINA

In order to prevent an increase in the flood damage potential of the Town of Murphy, the following requirements are recommended for inclusion in the Town's subdivision regulations.

1. Article 5 - Definitions
Add the following:
5.1.26 Flood. An overflow of lands not normally covered by water that results in significant adverse effects in the vicinity.
5.1.27 Floodway. The natural channel and the portion of the flood plain along the channel which must be retained solely for the passage of floodwaters to prevent an undue increase in flood heights upstream.
For the purpose of these regulations, the floodway is further defined as follows:
a. Within the corporate limits of the Town of Murphy, all land in the F.W District as shown on the map entitled, "Official Zoning Map of the Town of Murphy, North Carolina."
b. Outside the corporate limits of the Town of Murphy, the floodway as shown on the map entitled, "Local Flood Studies, Murphy, N. C." dated June 1960.

Copies of the maps referred to above are on file at the Office of the Town Clerk and are available for public inspection.
5.1.28 Floodway Fringe Areas. Areas lying outside the Floodway District but within the area covered by the Regional Flood as defined in Section 5.1.29 of this article.
5.1.29 Regional Flood. A flood used in Tennessee Valley Authority flood studies, comparable to the largest floods known to have occurred on streams of similar physical characteristics in the same geographic region.
For purposes of these regulations, the Regional Flood is further defined as follows:
Along the Hiwassee River the Regional Flood, (Regulated) as shown on the chart, "High Water Profiles, Hiwassee and Valley Rivers in the Vicinity of Murphy, North Carolina" (Tennessee Valley Authority, May 1961), which is made a part of these regulations.
Along the Valley River the Regional Flood as shown on the chart, "High Water Profiles, Hiwassee and Valley Rivers in the Vicinity of Murphy, North Carolina" (Tennessee Valley Authority, May 1961), which is made a part of these regulations.

5.1.30 TVA Structure Profile. A profile established by the Tennessee Valley Authority on the basis of backwater curves which marks the lakeward limit of the land area on which buildings are permitted.
5.1.31 Land Subject to Flood. For the purpose of these regulations, land subject to flood shall be defined as follows:
a. Along the Hiwassee River land lying below the elevation of the Regional Flood (regulated) or the TVA Structure Profile (where applicable).
b. Along the Valley River land lying below the elevation of the Regional Flood or the TVA Structure Profile (where applicable).
c. Along small streams and watercourses land within fifty (50) feet of the top of the banks. The Planning Board may allow a lesser distance, but not less than ten (10) feet, if in its judgment such a reduction will not create unduly hazardous conditions.

2. Article 8 - Sketch Plan and Plat Requirements
Add the following:
8.2.16 If any portion of the land being subdivided is subject to flood as defined by these regulations, the limits of such land shall be shown.
8.3.12 If any portion of the land being subdivided is subject to flood as defined by these regulations, the limits of such land shall be shown.

3. Article 9 - Subdivision Design Standards
Add the following:
9.1.13 Emergency Access. The street pattern shall be designed so that in time of flood each lot in the subdivision shall be readily accessible to emergency vehicles. The Planning Board may require profiles and

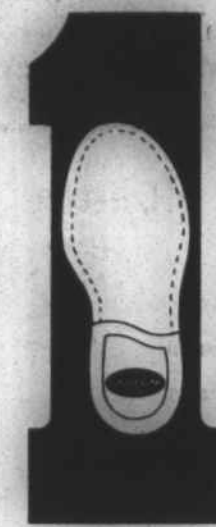

Card Of Thanks

We wish to thank our friends for the flowers, food and kindness shown during our bereavement and especially to the Clifton Precision employees who were so understanding and helpful. The Robert H. White family

We wish to express our deep appreciation for the prayers, visits, flowers, cards, food and many other kind expressions of sympathy shown to us in our time of sorrow.

The family of Jerry Leming.
