## CUZ'S CORNER

### Question of Etiquette

By Bagley

Few days ago I received in the mail what I thought to be just about the most unusual thing I ever heard of. I want to tell you about it and if any of you have ever heard of such a thing I do hope you'll send me word. I'll make up some names to use but I want to assure you that this isn't something I've

just thought up. Only the fictitious names were thought up.

It came on a sort of announcement card and read as follows: Mr. & Mrs. G. Whiz Folz, DIVORCED July 7, 1970, County Court House, Asheville, N.C.

Then in each of the lower corners on the card were their separate addresses: G. Whiz Folz, A No 1 Motel, Thereabouts, N.C., and Annie Folz, P.O. Box 711, Chocolate Beach, Florida.

Now, I'm not sure whether these former acquaintances of mine were, or are, proud of this or just what the deal is. I don't know if this is a brand new bit of etiquette. And, if so, who hatched it up? I just kinda wonder about the whole thing, and especially about the Folzes.

Of course, I don't plan on doing too much more wondering on account of I have already written Dear Abby to find out about this business. I've asked her just what kinda response a body would be expected to make to such a thing. Maybe a congratulatory message should be sent them. Or some kinda gift. Could be a sympathy card would be the thing. However, if you'll pay close attention to this corner in the next few weeks, soon's Abby replies, I'll give you a word for word account of what she says.

I sure do think it is nice of me to go to all this trouble finding out about something like this and passing it along to you in order to keep you from, maybe, making some kind of social blunder. You know, in case some of your acquaintances was to do the same thing that Mr. & Mrs. Folz did.

Now to be on the safe side, while I am waiting for Abby to answer my letter, I'll just not send either Ole G. Whiz or Annie Whiz any card, or gift, or nothing. I'll wait and see what Abby has to say. After that I expect to send each of them the same thing I sent them BEFORE she answered my letter. Nothing.

This next story is strictly for preachers. So, if you aren't one of them you just put this paper down right now and read the almanac a while. Or you could turn to another page and read for a few minutes.

My personal barber told me this story. I'm sure you remember my telling you about a fellow by the name of Arlin Thomas who lives just down in the edge of Georgia near Culberson. Some fellow. Cuts my hair and only charges me the price that should be charged for cutting a bald head. A QUARTER.

A preacher was holding a meeting in a small country church. One night only one old gentleman came to hear the preaching. The parson waited a good little bit past the starting time, you know, hoping that some kind of a crowd would gather. Nobody else came. Just the one old man. Finally the preacher said, in complete disappointment, "Well, since there is nobody here but just me and you I don't reckon we can have a meeting." Then the ole gent spoke up, "Lemme ask ye sumpin, Preacher. If'n ye went to salt yore cows and ye couldn't find but one ole heifer nowheres in the pasture would you just go on back home and not pour out no salt fer her?" "The good pastor studies that over a minute and announced, "I reckon I'll just have to hold a meetin anyhow."

He began his message and in nothing flat he was ripping ole Satan up one side and down the other. And every word was hitting home with the ole gent. The preacher was fairly socking

it to the good brother and he was getting mighty uncomfortable, sweetin' an all. Finally Mr. Old Timer could stand it no longer and said, "Hold on here just a mimit, Preacher. I wanta ask ye sumpin else." "He said, "If'n ye's to go to salt yore cows and you couldn't find but just one ole bony heifer nowheres in the pasture, would ye's pore out ALL yer salt fer that one old cow?"

Mr. Thomas sure runs a mighty fine barber shop. There are several things I especially like about it. It's out in the yard under one of the finest shade trees I ever saw. And he uses a stool just like the one Papa used to have for me to sit on while he cut my hair when I was a boy. This is mighty handy on account of he never has to sweep the floor after a day's barbering.

Now in the winter it is slightly cool there on some days. Like one day last winter when there was a pretty good snow on the ground. I told him that I thought it'd be mighty chilly sitting there and especially after taking my coat off. "Aw, don't go to all that bother about taking your coat off. No more hair'n you got I can cut it every bit and you can jump up from here and be out of the way before it even has time to fall as far down as your coat collar." See, that's another thing I like about getting my hair cut there. It never takes him hardly any time to get it over with.

One time I went for a trim and I was wearing a cap at the time. I forgot all about having it on. Just got up on the stool and Mr. Thomas never said a word. He just proceeded to fasten that barbering apron around my neck and cranked up his clippers. Then just before he unfastened the thing from around my neck he took my cap off right quick and explained, "I thought I had better check and see if ye needed any taken off the top." Then he put my cap back on, slapped the fire out'n his overhall britches leg and laughed a while. Then he told me, "To the best of my recollection you're the only man I know of whose hair I can cut without having to take his hat off."

Oh, I know he did that for pure meanness. But I tried to laugh a little with him to keep him from knowing that he'd hurt my feelings.

### Football Physicals Monday

Physical examinations for varsity and freshman football players will be held on Monday afternoon at 3:30 at the Murphy High School gym.

Dr. Mario Seigle will make the examinations and Coach Terry Postell says he expects about 40 boys.

The first practice session for the Murphy team, Smoky Mountain Conference champions for the past two years, will begin on Tuesday.
