TAURUS (April 20-May 20): Action is key for days ahead, Taurus baby. You've been bystander at love's feast long enough. For Taurus to be trapped by timidity is unthinkable. In fact, it bor-ders on being downright immoral.

GEMINI (May 21-June 20): Fragmentary clue to the real meaning of life appears as sudden illumi-nation. Probably before fourth day. It will no doubt knock you for an emotional twister. And you, Gem, will be richer for the experience. Not to mention ...

VIRGO (August 23-Sept 22): Rather ghastly week facing you, Virg baby. Batten down the hatches and prepare for rejection, suppression and confiscation. In that order. HOWEVER, by last day, ray of light shines through in form of recognition.

A WOMAN'S PRIVILEGE

Men are sometimes bewildered by the sudden shifts in women's fashions. But, it's a woman's privilege to change her mind!

Especially under our Free Enterprise System. Industry takes pride in its ability to suit every woman's taste and mood. Does she want a frilly hat? Done! A nourishing but inexpensive food for her family? Done! No queen of olden days had more loyal or devoted courtiers than does the modern housewife served by countless industries.

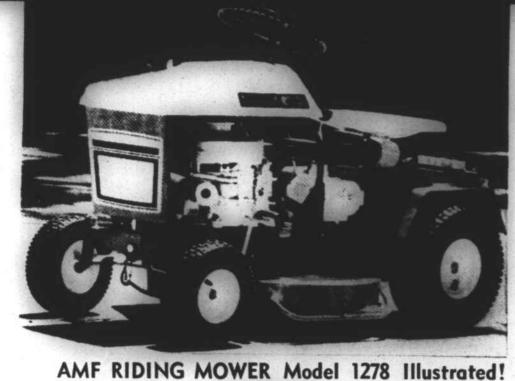

does the American housewife gain such economic power? Through

the democracy of the marketplace. Each dollar spent by a consumer is a "vote" for a certain product. Under our Free Enterprise System, the owners of factories and other busiseek a profit from their investment in machines and labor. To make a profit, a businessman must attract consumer "votes." This causes him to heed every whim of the buyer.

Americans would prefer a different system.
