OGDEN MEETING

A community action meeting will be held Thursday night at 7:30 at Ogden School. Those attending should bring a covered dish.

Ray Adams

Adams Named Foreman

Ray H. Adams has been promoted to the position of Foreman at the Cherokee Plant of the American Thread Company. Dan Lamb, plant manager, announced that Adams will assume duties as supervisor over the second shift of the Spinning department.

Ray, a native of Andrews, is a graduate of Andrews High School and Young Harris College. He and his wife, Imogene, with their three children, presently reside in Andrews.

Adams joined the American Thread Company as a trainee at the Sylvan Plant at Rosman in Oct. 1967. In 1968 he transferred to the Cherokee Plant at Marble, where he has been employed as a Spinning technician until his promotion.

Hayesville Kindergarten List Is Open

Mrs. Hugh Powell, director of the Jack and Jill Kindergarten, has announced that applications are being accepted for three, four, and five year old children. The kindergarten is located on Mill Street in Hayesville and will open Sept. 7.

The school is staffed with three experienced, graduate teachers - Mrs. John Kay of Young Harris College, Mrs. Dianne Chapman and Mrs. Hugh Powell of Hayesville.

An excellent curriculum for pre-school children is closely followed. The school strives to meet the individual needs of every child (emotional, educational, academic, spiritual, and physical).

All classes are limited. Interested parents may apply by calling Mrs. Hugh Powell.

Cherokee Boosters To Be On TV

Four Murphy men will be making an appearance on WSPA-TV, Channel 7 in Spartanburg, Sunday.

The program "Public Affair" with host Dave Handy is seen at 12:15 PM.

Appearing on the program will be Merle Davis, of the Cherokee County Development Corporation; Joe El Khouri, of the Andrews Housing Authority; Cloe Moore, Mayor of Murphy and Gene Farmer, President of the Cherokee County Chamber of Commerce.

According to Handy, his guests will be quizzed about the accomplishments in Cherokee County in the last decade and the projects currently underway or planned in the next ten years.

Farmer stated that it was the intention of the Chamber of Commerce to tell the WSPA-TV viewers what a great place Cherokee County is for new industrial development and what great communities Cherokee County has to settle in.

BLUE RIDGE MOUNTAIN ELECTRIC MEMBERSHIP CORPORATION DIRECTORS' REPLY TO CHARGES (OF IRRESPONSIBILITY)

The undersigned members of the Board of Directors of Blue Ridge Mountain Electric Membership Corporation wish to state and to remind the Members of the Cooperative that an audited financial statement has been made to every Member annually. These statements have covered all funds collected and the purposes for which they were used. Every Director is provided a monthly statement of operations which shows, in detail, all revenues collected and how they are used.

The last audited statement given to the Members (as of June 30, 1970) showed a lifetime deficit for the Cooperative of \$16,145.48. Amortization collections during this time, amounting to \$1,745,000, have been used entirely to repay money borrowed from REA to build the lines supplying service to our Members. These amortization funds are restricted and can be used for no other purpose, though they are not enough to meet these requirements.

These Directors refute the statement that Mr. Ed Lance was denied the courtesy of naming his successor. The By-Laws of the Cooperative clearly statethat any vacancy occurring on the Board will be filled by the remaining Board Members for the un-expired term of the position vacated. Mr. Lance did not submit a resignation, and no vacancy existed. Instead, he offered to "step aside" IF the Board desired to appoint Dr. Tanksley in his place. While the Board has given serious consideration to recommendations of resigning members, there is no precedent of permitting them to "choose" their successor.

The undersigned Directors also state that they have never, individually or collectively, willfully withheld any information from the Members. The affairs of the Cooperative are of public concern. Statements and reports on the affairs of the Cooperative are given to the Members regularly in the form of newsletters, annual reports and at the annual meetings.

As for rate increases, statements have been published in the area newspapers showing the amount & the reasons for them. These retail rates are controlled by TVA and are part of the Power Contract between TVA and the Cooperative. The Board has very little to say about the rate schedules adopted. The huge surpluses mentioned in a recent newspaper article simply do not exist, and the Cooperative must use its revenues carefully and prudently to meet its obligations and at the same time provide adequate service to Members, old and new. Neither this Cooperative, nor any other TVA power distributor has ever paid a dividend to its' consumers, nor are they permitted to do so under the provisions of the TVA Power Contract.

All the members of the Board of Directors have been fully aware of the method by which rates are fixed by TVA and within the knowledge of the undersigned no member of the Board has made an objection to the rates in a board meeting or sought in any manner to have these rates changed.

It is the intent and policy of the Board to make available all facts relative to the Cooperative. The business of the Cooperative is officially audited once a year and our records are examined several times each year by TVA. Every dime received and disbursed by the Cooperative is subject to the closest examination by these officials. At no time have these officials found any fault in the manner in which the funds or of the Cooperative have been used, and have frequently commended the Cooperative for the fine manner in which its' business is handled.
