### HUMAN GOULDS.

The fearful train disaster on the Santa Fe railroad reveals again the goulsh lepers that infest society. During the awful scenes of calamity and horror there were goulds in human form who made it the occasion of plunder and brutality. They sacked the valuable on the cars, robbed the helpless and dead. Their actions furnish a chapter of the baseness and depravity of human degradation. Caring naught for the shrieks of the frightened and the groans of the dying these goulds did their work of robbery. Human goulds delved in the wreckage and plundered the mail sacks, which strewed the ground. One tried to snatch a diamond from the breast of an Empora doctor, who, weak and nervous, was creeping slowly out of the debris. He had strength enough left to hit the brute a blow in the face, which made him turn with a curse and sneak away. Mail sacks were dragged into the cornfield and rifled. The report at the Kansas City office is that practically all of the mail on both of the wrecked Santa Fe trains was destroyed.

### THEY'VE GOT ENOUGH.

"The Daily Mail, of London, yesterday, in an editorial on the preparations in the United States for a fight with Spain, warns the American government and the Americans that they had better content themselves with writing warlike articles and firing forth of July squibs, instead of running into battle with 'stupid Europeans, who mean business and fire real bullets.'"

This is another sample of John Bull's game of bluff. We should think that he might gather up enough history of personal experience to recollect that Americans sometimes fire real bullets, too. Uncle Sam is generally pretty good natured and conservative old fellow, but whenever he has pulled off his coat for a fight, someone has always been licked. Whenever the time is ripe for him to step between Spain and Cuba, he will be ready to lick Spain or those who are patting her on the back.

It must be very annoying to Corbett to be whipped over and over again every night by Fitzsimmons. The veriscope continues to do the work. Corbett ought to try the injunction racket, and put an end to his drubbings.

The Yale football team is getting into shape. They have some pretty good kickers; but wouldn't they be strictly in it if they could get Governor O'Ferrall and Tom Watson.

An interesting market report, and very true, of special interest to boarders, who hope to see a change: Butter, strong; coffee, weak; eggs, active; beef, strong and firm; diet, unchanged.

Hawkins, the robber, seems to be anxious to get an early start in doing penance.

The mercury has followed the example of wheat and has taken a jump.

### THREE MONSTER LOCOMOTIVES.

The Largest in the World to be Placed on the Southern Railway.

The three largest locomotives in the world have just been completed at the Baldwin shops for the Southern Railway Company. They are twice as strong as the engines which haul the Empire State Express, of the New York Central road, at the rate of a mile a minute between New York and Buffalo, and three times

as strong as the famous locomotives which pull the fast-running trains in England.

These monster engines will draw thirty-three loaded Pullman cars, weighing forty-two tons each, at sixty miles an hour. They have six driving wheels, each six feet in diameter, boilers over five feet in diameter, fire boxes ten feet long, and with their tenders weighed 117 tons. The tenders have a capacity of 4,500 gallons of water and eight tons of coal. Each engine will do as much work as four ordinary passenger locomotives.

These magnificent and powerful additions to the fine equipment of the Southern Railway will be used on the main line between Washington and Atlanta, and will insure for the vestibuled limited trains a maximum of speed and safety, despite the heaviest grades.

### A Little Daughter

Of a Church of England minister cured of a distressing rash, by Ayer's Sarsaparilla. Mr. RICHARD BIRKS, the well-known Druggist, 207 McGill St., Montreal, P. Q., says:

"I have sold Ayer's Family Medicines for 40 years, and have heard nothing but good said of them. I know of many

### Wonderful Cures

performed by Ayer's Sarsaparilla, on: in particular being that of a little daughter of a Church of England minister. The child was literally covered from head to foot with a red and exceedingly troublesome rash, from which she had suffered for two or three years in spite of the best medical treatment available. Her father was in great distress about the case, and, at my recommendation, at last began to administer Ayer's Sarsaparilla, two bottles of which effected a complete cure. much to her relief and her father's delight. I am sure, were he here to-day he would testify in the strongest terms to the merits of

### That Tired Feeling

Is experienced by almost everyone at this season, and many people resort to Hood's Sarsaparilla to drive away the languor and exhaustion. The blood, laden with impurities which have been accumulating for months, moves sluggishly through the veins, the mind fails to think quickly, and the body is still slower to respond.

### Hood's Sarsaparilla

Is just what is needed. Read what is said by Mr. C. Parmelee, 349 Bridge Street, Brooklyn, N. Y.: "I take Hood's Sarsaparilla as a spring tonic, and I recommend it to all who have that miserable tired feeling."

"For years I was sick every spring, but last year took Hood's Sarsaparilla in February and have not seen a sick day since." G. W. SLOAN, Milton, Mass.

## Gloom

Of ill health, despondency and despair, gives way to the sunshine of hope, happiness and health, upon taking Hood's Sarsaparilla, because it gives renewed life and vitality to the blood, and through that imparts nerve strength, vigor and energy to the whole body. Read this letter!

"Hood's Sarsaparilla helped me wonderfully, changed sickness to health, gloom to sunshine. No pen can describe what I suffered. I was deathly sick, had sick headaches every few days and those terrible tired, despondent feelings, with heart troubles so that I could not go up and

down stairs without clasping my hand over my heart and resting. In fact, it would almost take my breath away. I suffered so I did not care to live, yet I had much to live for. There is no pleasure in life if deprived of health, for life becomes a burden. Hood's Sarsaparilla does far more than advertised. After taking one bottle, it is sufficient to recommend itself." Mrs. J. E. SMITH, Beloit, Iowa.

## Attention

In time to any irregularity of the Stomach, Liver, or Bowels may prevent serious consequences. Indigestion, constiveness, headache, nausea, biliousness, and vertigo indicate certain functional derangements, the best remedy for which is Ayer's Pills. Purely vegetable, sugar-coated, easy to take and quick to assimilate, this is the ideal family medicine—the most popular, safe, and useful aperient in pharmacy. Mrs. M. A. BROCKWELL, Harris, Tenn., says: "Ayer's Cathartic Pills cured me of sick headache and my husband of neuralgia. We think there is

## No Better Medicine,

and have induced many to use it. "Thirty-five years ago this Spring, I was run down by hard work and a succession of colds, which made me so feeble that it was an effort for me to walk. I consulted the doctor, but kept sinking lower until I had given up all hope of ever being better. Happening to be in a store, one day, where medicines were sold, the proprietor noticed my weak and sickly appearance, and, after a few questions as to my health, recommended me to try Ayer's Pills. I had little faith in these or any other medicine, but concluded, at last, to take his advice and try a box. Before I had used them all, I was very much better, and two boxes cured me. I am now 80 years old; but I believe that, if it had not been for Ayer's Pills, I should have been in my grave long ago. I buy 6 boxes every year, which make 210 boxes up to this time, and I would no more be without them than without bread."—H. H. Ingraham, Rockland, Me.

## The Cruel Knife!

The alarming increase in the number of deaths which occur as the result of a surgical operation is attracting general attention, and a strong sentiment against such methods of treatment is fast developing among the most intelligent classes. It seems that in almost every case for which the doctors' treatment is unsuccessful, the learned physicians decide at once that an operation must be performed, and the keen blade of the surgeon is recklessly resorted to. Doctors are human, and of course are liable to make mistakes, but their mistakes are too fatal to be indulged in promiscuously, and as so many lives are sacrificed in this manner, it is but natural for the public to believe that half the operations are unnecessary, besides being a fearful risk to human life, even if successful. It is a positive fact, however, that all operations are not necessary, and that a majority of them are absolutely undertaken without the slightest chance of success. The doctors have never been able to cure a blood disease, and a surgical operation is their only method of treating deep-seated cases, such as cancer and scrofulous affections. Aside from the great danger, an operation never did and never will cure cancer, as the disease never fails to return. Cancer is in the blood, and common sense teaches anyone that no disease can be cut from the blood.

Here is a case where the pain inflicted on a six-year-old boy was especially cruel, and after undergoing the tortures produced by the surgeon's knife he rapidly grew worse. Mr. J. N. Murdoch, the father of the boy, residing at 279 Snodgrass street, Dallas, Texas, writes: "When my son, Will, was six years old, a small sore appeared on his lip, which did not yield to the usual treatment, but before long began to grow. It gave him a great deal of pain, and continued to spread. He was treated by several good doctors, who said he had cancer, and advised that an operation was necessary. "After much reluctance, we consented, and they cut down to the jaw bone, which they scraped. The operation was a severe one, but I thought it was the only hope for my boy. Before a great while the cancer returned, and began to grow rapidly. We gave him many remedies without relief, and finally upon the advice of a friend, decided to try S.S.S. (Swift's Specific), and with the second bottle he began to improve. After twenty bottles had been taken, the cancer disappeared entirely and he was cured. The cure was a permanent one, for he is now seventeen years old, and has never had a sign of the dreadful disease to return."

S.S.S. is far ahead of all other blood remedies, because it is the only one which cures deep-seated obstinate blood diseases such as Cancer, Scrofula, Eczema, Catarrh, Rheumatism, etc. It is the only blood remedy guaranteed

## Purely Vegetable

containing not a particle of mercury, potash, or other mineral ingredient, which are so injurious to the system. S.S.S. is sold by all druggists. Books on Cancer and Blood Diseases will be mailed free to any address by the Swift Specific Company, Atlanta, Ga.
